COMEDY IS EXCITING

Fast-oMving Story of Transcontinental Train Trip Pictured in "Broadway Limited."

Fast moving tale of the tribulations of a great film star who is enroute from the west coast to New York with her director and a publicity woman, "Broadway Limited," starring Marjorie Woodworth and Dennis O'Keefe, both newcomers to the screen, is the midweek feature offering billeted for today and tomorrow on the screen of the Capitol Theatre here.

As a publicity stunt, the public is informed that the glamorous actress has become the mother of a baby girl. Since at this very moment the baby of a wealthy family is kidnapped, a whole series of merry and mystifying complications ensues with the entire mystery cleared up when the party returns to Hollywood.

Nearly all of the action takes place on the famous Pennsylvania crack train between Chicago and New York with the characters getting in and out of complicated situations in the corridors and compartments of a string of Pullman cars.

Patsy Kelly and Zasu Pitts are outstanding members of the supporting cast.

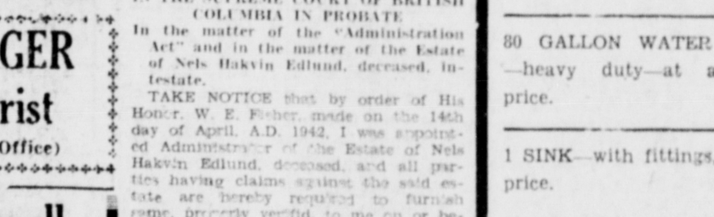
"Your ELECTRIC RANGE will save those Precious Vitamins"
says
Reddy Kilowatt



REDDY SAYS: "Correct cooking can save more than 90% of the precious vitamins in the food you buy."

"Vitamins for Victory is the order of the day," says Reddy. "And by that I mean that we must all get everything that we can out of the food we eat. But . . . we can't eat everything raw, so be careful about cooking. Too much cooking destroys many precious vitamins. Electric cooking has been proved to be the safest method, so all you folks with Electric Ranges are lucky. I'll be glad to tell you about the 4 simple rules for VITAMIZED COOKING with electricity. Drop me a line anytime — I'm at your service."
