TO EASE EASTERN OIL SHORTAGE

The first weld on the important 550-mile oil pipeline from Longview, Tex., to Norris City, Ill., was made recently and here you see first sections of the great 24-inch-pipe that will carry vital oil to relieve the shortage on the eastern seaboard being laid. At TOP, welders lining up sections for welding. BELOW, roll welding a section. Pipe is laid in the trench as soon as welds are completed. The \$35,000,000 line is expected to be in service by Christmas.
