## AIR FILM THRILLING

"One of Our Aircraft is Missing" Comes to Capitol Theatre

"One of our Aircraft is Missing," a daring adventure-packed film, concerned with modern warfare, comes as the feature offering to the screen of the Capitol Theatre here this Wednesday and Thursday. It is the story of six Royal Air Force fliers who are forced to bail out over Holland and are determined to get back to England. When they contact the Dutch underground they are unable to prove their story for their aircraft, a Wellington bomber, had not crashed but had gone on across the North Sea with not one of its crew aboard. This strange situation, with dramatic implications, heightens the adventurous plot line of the story until a startling way of solving the dilemma is finally found.

It is a British picture and the cast includes Eric Portman, Godfrey Tearle, Hugh Williams, Pamela Brown, Joyce Redman and Google Withers.

## Permit Return Is Refused

The city council, sitting last night as a board of inquiry under the Motor Vehicle Act, disallowed an appeal of Thomas Murray Oliver, sustaining the cancellation by the police of his chauffeur's permit following a conviction last March for keeping liquor for sale.

Oliver, through his counsel, T. W. Brown, claimed that he had been shown by the police a letter instructing him to give up his chauffeur's permit but this letter had never been actually given into his possession.

Constable Brotherton would not swear positively to Oliver having received the letter but to the best of his recollection it had been given to the appellant as was the custom in all such cases. A report on the incident at the time showed that the letter had been handed to Oliver.

Inspector Ernest Gammon appeared on behalf of the police.

## Quartermaster General Pays Visit to City

Major General Howard Kennedy, quartermaster general of the Canadian Army with headquarters at Ottawa, left Monday for Vancouver after spending a few days here on official inspection duties. He was accompanied by members of his staff.

At last night's meeting of the city council there was further correspondence in regard to the new booster pump which has been installed in connection with the local water system. The Department of National Defence still feels that the city should accept some of the financial responsibility for same.

Grates in the furnace of the officer's mess located in the old Prince Rupert Club building, which is now the property of the city, have been badly burned out. It has been left to the city clerk to make arrangements for necessary repairs or replacements.

## First Aid Gets Council Chamber

City Council Chamber Relaxes Regulation Regarding Use

In order to provide accommodation for the St. John Ambulance Association for the holding of its classes of instruction twice a week, the city council last night relaxed its regulation permitting the use of the city council chamber only for council and school board and meetings. The council will permit the chamber to be used for the first aid work twice a week providing it does not conflict with council or school board meetings.

Ald. Thomas Elliott made the move on behalf of the first aid, stating that he did not see why the council should hold out when it was not using the chamber itself. First aid was an important matter and should not be permitted to lapse because no accommodation was available. Those engaging in it gave their services freely and voluntarily.

Ald. H. M. Daggett seconded Ald. Elliott's motion that the chamber be made available for first aid classes, the motion being unanimously adopted.

## Local Officers Back From Camp

Had Intensive Two Weeks' Training Course in Vernon

Lieut. B. C. W. Moore, Lieut. C. J. Toombs, Lieut. W. A. McBroom, Lieut. W. V. Manson, Lieut. W. O. Bastin and Lieut. W. G. Sheardown, officers of the Prince Rupert Machine Gun Regiment, returned to the city on Sunday night's train where they underwent an intensive and arduous two weeks' course of training. Weather was dry and warm at Vernon and only on one day was there a sprinkling of rain. Each day was filled with training activity from 6 a.m. until 10 p.m.

Lieut. E. T. S. Moore, another member of the same party, will be returning Wednesday night.

Broken small tools, once junked, are now silver soldered and put back to work.

## MOOSE JAW

It used to be that whole train loads of easterners came west to help with Saskatchewan harvests but now things have reversed. Saskatchewan has been asked to fill a quota of 500 men to go east and help Ontario farmers harvest their hay and winter wheat.

Helen Shipp of Moose Jaw, formerly of Simmie, Saskatchewan, added another page to the book of scientific mysteries through her experiences in the last six months. Last winter Miss Shipp suffered a bad fall. Since that time she could not remember distinctly things which happened prior to the accident although day-to-day occurrences were fairly clear in her mind. About two weeks ago she attended a dance at Eyebrow. While there she met a friend she had not seen for some time. The friend greeted her with a friendly slap on the back which caused Miss Shipp to faint. When she revived, her memory had returned and she now remembers as much of the past as normal memories can recall.

H. G. Joynes, Tugaska, Saskatchewan, was graduated as wireless air gunner from No. 5 Bombing and Gunnery School, Royal Canadian Air Force, Dafoe, Sask., recently. S. A. Driscoll of Shaunavon was graduated as an air gunner from No. 3 Bombing and Gunnery School, Macdonald, Manitoba, on the same day.

The Moose Jaw Exhibition is to be held July 7-8-9-10.

# TWO-THIRDS of the total number of loans outstanding in Canada's Chartered Banks average less than \$500 per loan.

Through bank loans, Canada's Chartered Banks help Canadians to benefit themselves, their fellows and their country. Many of these loans are small—but all contribute their share to the day-by-day activities of Canadian enterprise.

## Some further facts about Canada's Banks:

Chartered Banks' loans related to agriculture as shown on the last official return to Parliament, totalled \$340,118,473. This sum included loans to farmers, ranchers, fruit raisers and to grain dealers and grain exporters.

Every general manager today heading a Chartered Bank entered the bank as a junior in some small branch.

Up to and including February, 1943, no fewer than 6803 men and 154 women bank employees had enlisted in the armed forces:

Canadians in every walk of life and in every part of Canada are served by more than three thousand branches and sub-agencies maintained by the Chartered Banks to facilitate the nation's business.
