OUR TURN NOW

A year ago we were wondering what HITLER was going to do. Today he is wondering what WE are going to do next. Yes, the tide is turning but the war is far from won. This

is no time to let down, it is time to accelerate our efforts.

Young physically fit men and women should be in the Army. Those who are not fit for active duty should, if possible, be in the Reserve — the Rangers — the A.R.P. — Red Cross — Salvage Corps, or the like. Everybody should be in this war, young and old, men and women, in order to assure

Girl Creator Visits Canada

George Petty Arrives by Air for Hunting in Saskatchewan

WINNIPEG, Sept. 25- "Give 'em the roses while they can still smell 'em. They're a swell bunch of boys."

That's the way George Petty feels about the men of the Canadian customs and immigration. And it wasn't because the creator of the famous Petty girl was trying to smuggle some of his models across the border. Whenever he arrives anywhere. people expect to see Petty surrounded by a bevy of beauties but this time he is accompanied only by H. E. Allen of the Fern Laboratories, a neighbor in Northbrook, Ill. They are on a short hunting trip, looking for ducks and prairie chicken in Saskatchewan. Thursday night they left Winnipeg by Trans-Canada Airlines for Regina.

R. K. O. is getting ready to film "The Petty Girl," he said before he boarded the plane and will soon launch a nationwide search for the star. Petty ************* has his own publishing business and it "Gives us a boost," he says, to know how popular his paintings are as pin-up girls in the army camps.
