EFFECTS OF ALLIED BOMBING

This photo shows workers digging in the ruins of some of the buildings wrecked by Allied bombs in a raid on Le Creusot, France. Terrific damage was done to the machine shops of the great Schneider war plant here, the No. 1 objective of the Allied bombardiers. The Schneider plant has been turning out war equipment for the German armies.

CALL TO ITALIANS-

: Appeal by

Provisions of Armistice With Allies Call for Collaboration-Progress of Fighting

BITTER BLOODY BATTLE ALLIED HEADQUARTERS IN NORTH AFRICA, Sept. 13 (CP)— A bitter and bloody Dennis Harran Lucas, who battle raged into its fifth consecutive day around the Allied Fifth Army's Salerno bridgehead today with growing German forces resisting desperinto their hill positions girding the plain and protecting the port of Naples. The Angloing northward from the Italian toe against little or no enemy opposition, captured the port of Crotone, 110 miles from the southern tip of the peninsula and found the harbor in good for Allied use. A Brick a landed at Taranto swift. *** aded their hold on the entithe Adriatic after the ture of Brindisi.

> NEW YORK, Sept. 13-Premier Marshall Badoglio of Italy. in a broadcast Saturday night. called upon the people of Italy to adhere to the terms of the armistice with the Allies and defend their country against German aggression. The hour is very grave for Italy, he said and only virile action could save the nation. There should be no hostile acts carried out against the Allies but everything possible should be done to co-operate with them.

Conditions of the armistice between Italy and the Allies have been made public. Among thirteen conditions it is provided that all Italian territory including Corsica shall be placed at the disposal of the Allies for use as operational bases, all the Italian fleet and aircraft shall be turned over to the Allies and all Allied prisoners shall be given their freedom. Italy shall do its best to prevent the use of its territory and ports by the Germans.

The Allies are continuing their rapid advances to tighten their grip on southern Italy while the Germans are increasing control in the north over key points of which they have seized control

The situation in central Italy is still obscure. Well protected by an air um-

brella, the Allies are moving inland from three bridegheads-Taranto, Naples and Calabria. The port of Bari is reported to have been taken by the Allies. Bitter street fighting is re-

ported in Rome which would Portland 5-3, San Francisco indicate that the eternal city may not be entirely in German centrol as was suggested at the end of the week. King Victor Emmanuel and

Oakland 12-5, Sacramento 7-2. Premier Marshal Pietro Badoglio have moved with the government from Rome to "another point" in Italy.

In the north the Germans are reported to be not only disarming Italian soldiers but taking them to Germany.
