Economical Baked Meat Roll

A new and tasty way of making a main dish out of meat and vegetable left-overs.

Now that we all must make our meats go further and yet serve properly balanced meals in accordance with Canada's Nutrition Program—new, interesting ways of using left-over meat and vegetables are much in demand.

Try this baked meat roll next time you have one or two cupfuls of meat left over. Make biscuit dough: 2 cups sifted flour, 4 tsp. baking powder, 1/2 tsp. salt, 4 tbsps. Jewel Shortening, 2/3 cup milk. Sift flour with baking powder and salt. Cut in Jewel finely. Add milk gradually. Put the meat through the grinder and combine with any left-over vegetables or some

raw chopped cabbage or grated carrots. Add finely chopped onion, soft bread crumbs and an egg to bind. Season to taste. Moisten with a little meat stock or tomato juice and a dash of Worcester Sauce. Enclose in the dough, wet and seal ends and bake in a hot oven 30 minutes or until paste is done. Served with a green salad or leafy green vegetable, your family will love it. Don't forget to serve milk, tomato or citrus fruit and Canada Approved bread as well as meat and vegetables each day.

When you are baking pies, plan to economize by using your hot oven for main meat dishes like the meat roll described above.

Economical planning of dietetically correct wartime meals is easy if you have Martha Logan's famous meat cookbooks "Meat Complete." For this 54-page book, send 10¢ to Swift Canadian Co., Ltd., Dept. NE36 New Westminster
