## Good News! . . .

There was good news recently from overseas for was much enjoyed by a large gath-Canadians who have been buying Victory Bonds and ering of students, went towards War Savings Certificates so enthusiastically during the financing the High School basketpast two years.

The Commander of the Canadian Army, Lieut.-General A. G. L. McNaughton, declared: "For many months class Of Moose now there has been an ever-rising flood (of munitions) to carry forward our purpose against the enemy." He listed the munitions flood to include warships, transport Women Initiated aircraft, guns and many other weapons of war and praised the constant and intense endeavor in this country | Special Meeting of Local Chapter to develop new and better weapons which would bring an! advantage to the Dominion troops over the enemy.

The distinguished head of Canada's army injects a new spirit of enthusiasm into the hearts of Canadian people at the approach of the Fourth Victory Loan when evening in the Oddfellows' Hall. ne confirms the fact that our bond purchases of yester- this meeting a class of canday have been turned into hard materials of warfare to didates. This class was called the limiting a class of candidates. This class was called the limiting a class of candidates. This class was called the limiting a class of candidates. On the heels of this statement from the Canadian ation ceremonies a ritualistic pracgeneral we heard from Cairo, where a military observer tice was held. declared that Canadian tools had played a major part in whipping the Afrika Korps.

"I did not observe a single workshop which did not this afternoon to be four hours contain one important tool stamped 'made in Canada'", he said.

Above all else our act in purchasing bonds is a blow that the Germans will surely feel!

# Guard Your Gasoline Ration Book

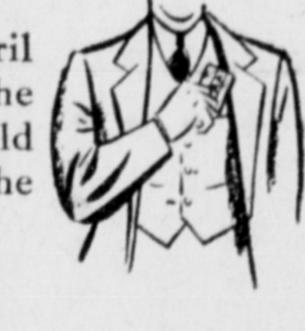

KEEP IT ON YOUR PERSON . DO NOT LEAVE IT IN YOUR CAR

TOW that you have your 1943-1944 gasoline ration book, it is up to You to keep it at all times in a safe place. If it is lost, burned, or stolen, you will be deprived of coupons which will not be replaced. In this regard, the policy of the Oil Controller is as follows:

• If, through negligence, you lose your gasoline ration book before October 1, 1943, you may be allowed no more, and perhaps less, than half the coupons to which you would be entitled if you were making an original application.

• If, through negligence, you lose your ration book on or after October 1, 1943, you may be allowed no more, and perhaps less, than 25 per cent of the coupons to which you would be entitled if you were making an original application.

The new gasoline rationing system, effective on April 1, will be strictly enforced. Under its provisions, the motorist, as well as the service station attendant, is held responsible if any infractions occur. It is contrary to the orders of the Oil Controller:

To purchase gasoline with 1942-1943 coupons:

To purchase gasoline unless you have the correct category sticker affixed to your windshield.

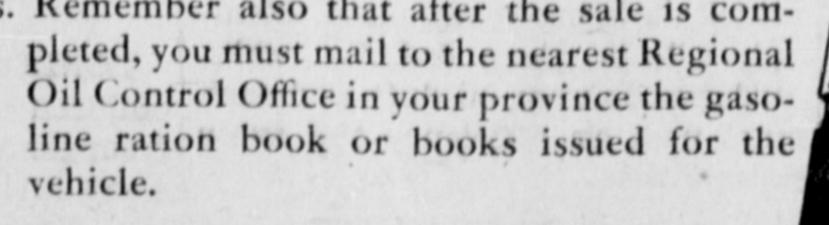

To detach coupons from your own book. (The removal of the coupons is the duty of the attendant.)

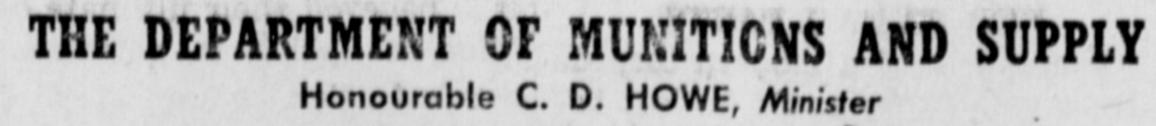

To have in your possession a gasoline ration coupon not attached to, and forming a part of, a gasoline ration book. To have in your possession a gasoline ration book other than the book

issued in respect of a vehicle you own, or in respect of a vehicle driven by you with the full consent of the real owner.

To alter, deface, obliterate, or mutilate any gasoline ration book or coupon.

If you sell your motor vehicle, remember that before making delivery you must remove the windshield sticker or stickers. Remember also that after the sale is completed, you must mail to the nearest Regional Oil Control Office in your province the gaso-
