Vegetables Needed This Year . . .

Vegetables are an important item in the food supply and a larger production in 1943, both of fresh and canned products, is essential. In addition to increased domestic demand it is expected that the armed forces will require larger supplies and that shipments may be necessary to invaded countries. And there is a further possibility that the United States may take a larger volume of Canadian vegetables in 1943.

There is a reasonably good prospect for the commercial vegetable growers who are being encouraged to increase their output. And for those who grow vegetables only for home use an extra row or two should be planted—especially when seed is already on hand. There is no way that food can be produced more quickly than by growing of vegetables. And with transportation facilities taxed to the limit one way of easing the burden is to grow as much food as possible right at home. From every angle, therefore, it appears desirable to urge increased production of vegetables in 1943.

MEXICAN VANILLA

Almost all of Mexico's vanilla output, one-third of the world's supply, originates in the state of Vera Cruz.

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT
The Hostess

It must be spring or something but it seems to me that Dan C. has been doing an awful lot of spade work around the "Y" office just lately, what with Breen and Frank both putting long distance calls in to the South and East. At any rate I'll keep you posted and promise to give you absolutely the latest flash from the goldfish bowl.

This week-end will bring another of those concert parties from the South, the third in the series, to which we have come to look forward with so much pleasure. It is called "Sunny Side Up" and, to quote their advance publicity, is a galaxy of youthful professional talent which includes Dick Benz who was here with the first show and who is a masterly player of the marimba; Juliette, the "Oomph girl" and popular cabaret artist; Dick Sharp, whose cowboy songs and roping acts made him a headliner on Major Bowes' circuit; the Brassington duo, the youthful brother and sister dance act; the Handhill Lariats, two of the prettiest cowgirls who ever twanged a guitar; Mary Judge, lovely lyric soprano; and Queenie Thompson, their versatile accompanist—doesn't it fair take your breath away? Too bad Mrs. Yvonne Finkins, that friendly little lady of former visits, won't be with them this time but in her place is coming Mrs. MacLean.

The Service Shows of Vancouver, in co-operation with the Auxiliary Services in this area, are responsible for the organizing and dispatching of these travelling shows for the troops.

Well my British flag, about which I was enquiring last week, turned up and now the Union Jack and Old Glory grace the walls of the ladies' lounge together with a brand new picture of the King and Queen. Thanks to the donor who wishes to remain anonymous.

Jock Smele of the Navy reports a grand furlough in the south, now perhaps we can find out more about Millie the Mystic or the Calgary Crystal Gazer. Come on, Jock, give it sounds like a good story. Glad to see Tel. Lloyd Kerr back again.

Timely Recipes

Souffle Sandwiches

2 tablespoons fat
2 tablespoons flour
1/2 teaspoon salt
1/4 teaspoon mustard
1 cup soft grated cheese
2 eggs
8 slices bread
1/2 cup milk
Softened butter to lightly butter toast
3/4 cup canned tomato pulp or 4 large, peeled tomatoes
Melt fat, add flour, salt and dry mustard and blend well. Stir in milk, then cheese and cook stirring constantly until sauce is thickened and cheese melted. Pour onto beaten egg yolks and fold in stiffly beaten egg whites. Toast the bread and spread lightly with softened butter.

Cut peeled tomatoes crosswise in four slices. Place 1 slice and 2 half slices or 1 1/2 tablespoons tomato pulp on each slice of toast. Pile on a baking sheet and bake in a hot oven 425 degrees F, until puffed and golden, about 5 minutes. Makes 8 sandwiches.

BEAUTIFUL CEREMONY

Class of Nine Initiates for Women of Moose—Dance Follows Meeting

Following an impressive public initiation ceremony for nine members, entering as a home making class, the local chapter of the Women of the Moose held an enjoyable dance last night in the Odd-fellows' Hall. About seventy were present at the initiation while the hall was crowded with over two hundred persons for the dance.

With the officers and escorts wearing evening gowns, the initiation ceremony was a beautiful rite. It was conducted by Mrs. W. H. Tolin, senior regent, and her officers. The initiates were Mrs. S. V. Cox, Mrs. Vic Menzies, Mrs. Charles Cauthers, Mrs. Hogarth, Mrs. Varfeldt, Mrs. Joseph Ratchford, Mrs. Peter Wingham, Mrs. O. Giske and Miss Rose LaBelle.

For the dance that followed, lasting until 2:30 a.m., music was furnished by the orchestra of an Ontario regiment. Gillis Royer was a genial master of ceremonies. Delicious refreshments were served. The dance was in charge of the so-

WINNIPEG

Manitoba's fifty-fifth annual bonspiel, with no less than 256 rinks entered, was held in Winnipeg last week. The rinks came from many parts of the prairies. Conditions were ideal and competition was keen. Weather ranged around zero or a little above.

The sixteenth annual five-pin bowling tournament is now being played in Winnipeg with many teams entered and competition keen.

After providing for all operating expenses and fixed charges, the Winnipeg City Hydro ended 1942 with a net profit of \$477,608.12, it is revealed in a report of H. C. Thompson, city treasurer, to the Winnipeg public utilities committee. This was an improvement of \$16,243.71 over the previous year when profits amounted to \$461,373.41.

3-PURPOSE MEDICINE Hits CATARRH Misery Fast!

When acute catarrh makes breathing difficult—causes stuffy head, watery eyes, nasal irritation and distress, put a few drops of Vicks' Va-tro-nol in each nostril and enjoy the relief it brings. Va-tro-nol is so successful because it does three very important things: (1) shrinks swollen membranes of the nose, (2) clears out discomforts causing congestion and (3) soothes irritation. Many catarrh sufferers say it's the best relief they've found. Try it!

NATIONAL

SELECTIVE

SERVICE

Complete Utilization of Canada's Manpower and Womanpower is Essential to Victory

NATIONAL SELECTIVE SERVICE CIVILIAN REGULATIONS provide measures to assist in complete utilization of manpower and womanpower. Workers and employers are urged to familiarize themselves with the Regulations and assist the war effort by carrying them out. Under Order in Council P.C. 246, January 19, 1943, all civilian regulations have been consolidated and revised. Main features of National Selective Service Regulations now stand as follows:—

COVERAGE

Employees: Regulations cover persons of either sex from 16 to 64 years of age inclusive, except for the following: provincial employees; armed services; persons in fishing, fish processing, hunting or trapping; clergymen; registered nurses, probationers and practical nurses; school, college and university teachers; domestic servants in private homes with only one employed; school students employed after school; employees in respect of part-time subsidiary employment; and any person employed for 3 days or less in a calendar week, by the same employer. Agricultural workers are covered by special provisions, not by the general provisions, as also are "technical personnel."

Employers: Generally, the Regulations cover any person, firm or other employer, with one or more "covered" employees.

EMPLOYERS MUST—

In Engaging Employees: (a) refrain from discussing employment with a prospective employee unless permitted to do so by a National Selective Service Officer; (b) notify the nearest employment office of any need for additional employees; (c) secure permission from an employment office to advertise for workers.

If Having Surplus Workers: (a) notify the employment office of intention to discharge or lay off employees; (b) notify of intention to retain employees not actually required.

If Intending to Discharge or Lay Off Employees: Give employees 7 days' notice in prescribed form, unless a National Selective Service Officer, after application, permits a reduction of this period, or unless in the building construction industry. Such permission may be granted in case of materials shortage; breakdown of machinery; where absence of other employees interferes with operations; providing, however, that conditions are beyond the employer's control and that the employer cannot make use of employees' services otherwise. 7 days' notice is not required unless an employee has been already employed for one month; or in the event of fire, explosion or other calamity, or termination of work by weather; or where an employee unreasonably refuses alternative duties. Whether preceded by 7 days' notice or not, separation from employment requires notice in writing.

EMPLOYEES MUST—

If Unemployed for 7 Consecutive Days: Register for work at the nearest employment office. (Full-time students, housewives and clergy are not included).

If Seeking Employment: (a) first secure permit from a National Selective Service Officer, unless returning to a former employer within 14 days, or returning to the same employer immediately after sickness, a strike or lockout, or under seniority rules; (b) refrain from advertising for a job unless a National Selective Service Officer approves.

If Intending to Quit a Job: Give 7 days' notice, unless authorized by a National Selective Service Officer to reduce the period of notice (as where employment may endanger health or welfare), or unless working in building construction; but notice is not needed before joining the armed forces.

AGRICULTURAL WORKERS

Agricultural workers are covered by special provisions. Unless authorized by a National Selective Service Officer, persons regarded as "workers in agriculture" may only accept employment outside that industry to a maximum of 60 days within a calendar year without permit, but only outside urban municipalities of over 5,000 population.

TECHNICAL PERSONNEL

Persons considered as "Technical Personnel" may only accept employment or be engaged under special permit.

LABOUR EXIT PERMITS

Persons desiring to accept employment outside Canada must apply for permission at an employment office.

PENALTIES AND APPEALS

Penalties are provided for non-compliance with these Regulations, and with orders issued thereunder. However, appeals against rulings and directions may be made to a Court of Referees (formerly to a National War Services Board).

NATIONAL SELECTIVE SERVICE OFFICERS ARE AUTHORIZED TO—

(a) Give persons unemployed for 7 consecutive days, or in part-time employment for 14 days, written direction to report for interview or accept specific work; (b) exercise discretion in the issue of permits to seek or accept work, to ensure that workers' services are utilized to the best possible advantage; (c) authorize employed persons to transfer, after 7 days' notice, to more essential work, on the understanding that, if feasible, they will subsequently be re-instated in original employment; (d) on request of an employer or employee, reduce the 7 days' notice period, in prescribed circumstances, and consistent with the Regulations.

THE MINISTER OF LABOUR IS AUTHORIZED TO—

(a) Require a person in an age class subject to the military call-up to accept alternative employment; (b) require any employer to release any male person failing to furnish evidence that he has not contravened military call-up regulations, and to refuse a permit to seek work to any person similarly failing; (c) authorize payment of transportation for workers and special supplementary allowances, where he deems such arrangements equitable and necessary to secure labour; (d) authorize anyone to leave present employment on 7 days' notice, to take more essential work.

The foregoing is not a complete reproduction of National Selective Service Civilian Regulations. For further information or rulings on particular cases, apply to the nearest Employment and Selective Service Office.
