ROMANTIC
AND WARM

Drama and Adventure in "White
Savage" Coming This Mid-
Week to Capitol Theatre

Vivid, adventurous entertainment is promised in "White Savage" which comes Wednesday and Thursday to the Capitol Theatre. Filmed in technicolor, the new picture reunites Maria Montez, Jon Hall and Sabu, the sensational starring trio of "Arabian Nights."

A South Seas island paradise is the locale of the story, a romantic action tale dealing with the plights of an amorous shark hunter who loves the fascinating native princess. Miss Montez appears as the princess while Hall portrays the fisherman. Sabu is seen in the role of the latter's assistant. Others in the cast include Turhan Bey, Sidney Toler, Thomas Gomez, Paul Guilfoyle, Don Terry and Paul Guilfoyle.

A conspiracy to obtain control of the island furnishes suspense and excitement and one of the film's spectacular highlights is a huge native festival. A highly dramatic climax is said to be thrillingly enacted while an earthquake lays waste the picturesque structures of a tropical settlement.

Underwater swimming sequences featuring both Hall and Sabu are declared to be unusually effective. Miss Montez' costume innovates the "sheerong" announced as a "gasp-provoking" variation of the famous sarong.

A formal resolution was put through by the city council last night exempting Mrs. Gladys M. Miller from unemployment insurance deductions.

New Recruits
In Army Here

Latest entries into the Canadian Active Army through the Prince Rupert recruiting station are Andrew Nickolas Morris, 18, of Prince George, who has been employed at the dry dock, John Harold Thompson, 18, of Quesnel who has been working as a steamfitter for the B.C. Bridge and Dredging, and Oliver Rudland Leighton, 19, of Prince Rupert, who has been working at the Claxton Cannery. They leave this afternoon for Vancouver.

OLD AND NEW IN STATION FASHIONS

Each is a choice example of an up-to-the-minute structure of its period. At the top is seen the new Canadian National Railways Central Station in Montreal now in service after being inaugurated by the Minister of Transport. Below is a view of old Bonaventure Station taken in 1888 when it was opened for business. The photograph was taken by William Notman, whose pictures of Montreal old and new form part of the historical record of the Metropolis.

The upper photograph was taken from the Dorchester Street Bridge which is 30 feet above the level of the passenger concourse, the building being at the edge of a plaza approximately 225 feet in width. The motor cars are parked on the bridge. The lower photograph taken 55 years ago is dated by the horse-drawn vehicles and when closely examined the old negative shows that some of those standing at the station edge were what the old time reporters termed "smart equipages."

The original structure was up to date when opened for service to the travelling public. It was illuminated at night by open arc lamps which spluttered and cast unusual shadows but were highly regarded as evidence of progress. In 1916 a serious fire gutted the interior and when the structure was rebuilt the three towers were not replaced. In its present form the station served countless thousands of travellers who found it a convenient friendly place.

Old Bonaventure welcomed numerous distinguished travellers including Royalty. It will remain in service for suburban trains and part of the structure will be remodelled to serve men and women of the active forces travelling in and out of Montreal by special trains.

The Central Station now is used as the last word in railway passenger structures, being equipped with every convenience to assist the traveller. The public concourse through which travellers pass to and from the train track

levels, is of such size that it would contain the entire floor space of Bonaventure with 10,000 square feet to spare.

The Central Passenger station is the focal point of an important terminal development which will greatly improve Canadian National facilities in and around Montreal. These improvements are of service in Canada's war effort because they allow of quick and direct movement of passenger and freight trains moving troops and supplies essential to that war effort.
