Use Bricks in Furnace

During the early fall and spring days, fill half the furnace with ordinary building bricks, and build your fire in the other half. This will save coal and keep temperatures moderate in mild weather. Be sure to shake the furnace gently to avoid disturbing bricks.

OFFICER HONORED

Canadian Military Medal for Long and Good Service Presented to Captain Shelton.

An interesting incident at the reviewing stand yesterday of the Fifth Victory Loan parade was the recognition of a fine military record when Col. D. B. Martyn, D.S.O., M.C., V.D., officer commanding local defences, made the presentation to Capt. J. A. T. Shelton, R.C.A., district staff officer here, of the Canadian Medal for Long Service and Good Conduct. Capt. Shelton, whose regular home is in Victoria, is an officer of the regular Canadian Army which he joined 18 years ago. He has been stationed here in Prince Rupert for the past year and a half and his wife and two children are here. His father, who was with the Imperial forces, was killed in the last war.

Col. Martyn's remarks, in making the presentation, were as follows:

"Having completed 18 years of meritorious service in the Army and having conducted yourself during that time in an examplary manner with credit to yourself and country I have been instructed by National Defence Headquarters to present you with this Long Service and Good Conduct Medal."
