### ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT The Hostess

I should like to thank all the kind hearted ladies who so nobly responded to my appeal for a layette. So many garments came in that I was able to make out a lovely little outfit. Thanks very much

Busy like a little bee, that's me, a border along the edges of our curtains and smartening them up no end. Then last night I got disgusted with not being able to see the chalk marks intended for numbers on the dart board so I took white ink and painted clear white numerals all around it. By the way, did you hear about me beating Sergeant Murphy who is the champ in darts at the Sergeants' Mess out where those Western Gentlemen live? I was telling you ! about them the other day. They are thinking of giving me the D.C.M. (Darts Champion Medal).

During our weekly staff meeting the other day we had an unexpected visit from Colonel Deacon, chief auxiliary services officer for Canada, who has come out from Ottawa to survey the local scene. We knew he was in town and expected to meet him in due course but did not know he would attend that particular meeting. Consequently we were all just a bit flustered—all except our "Y" cat "Dutch" who attends all the meetings. He spent his time trying to get up into the Great

The United Services Organization has changed the date of the Valenhe and the captain whose sister he tine dance from February 15 which conflicted with the big Chatham dance at the Empress to February 17 which also happens to be the night of the regular "Y" dance at the Empress. However, as the USO dance is strictly formal and our "Y" dances are highly informal, I hardly think they will conflict. The invitation reads:

> VALENTINE FORMAL Wednesday, February 17, 9 to 12 Acropolis Building Music by the "Aristocrats" Buses at 8:30 p.m. from the USO Club Waltz Contest Crowning of Valentine Queen Grand March at 10:30 p.m. Formal Dress Required

At the suggestion of the chairman of the board of works, Ald. Robert McKay, the city council Monday night authorized the city engineer to obtain estimates of the cost of street surfacing material as well as to go into the matter of finding suitable storage facilities should the materials be purchased.

Salvage collection in the city will be started in an active way by the Junior Section of the Prince Rupert Chamber of Commerce as soon as arrangements can be made for the erection of a storage shed on property at the corner of Third Avenue and Seventh Street which has been granted by the city for the purpose for the duration of the war. Some difficulty is still being encountered in obtaining material for the construction of the shed.
