Italian Surrender Pantelleria Island

EXPANDING NEW UNIT APPROVED

Local Ack-Ack Company Discussed By Canadian Legion-Other Matters Up

The recruiting drive for an antiaircraft company to be established in connection with the Prince Rupert Machine Gun Regiment was

monthly

BUSINESS meeting on Wednesday in the club rooms and approval was expressed. EXTENDED The attendance of members was unusually large and much business of particular Legion interest was TransCanada Now Serving Twentytransacted.

Applications were received from a goodly number of ex-service men who wished to join their comrades in furthering the work which the Legion does in the interest of the ex-serviceman and the public generally.

Capt. Grant, past commander of the Canadian Legion in the State of California, was present and, when called upon for a few words, proved to be a most interesting and accomplished speaker. He did not speak for very long but his talk was full of life and gave the assembled comrades a great deal of food for thought. He had some progressive suggestions to make and these were well received by his listeners.

After the meeting closed a pleasant hour was spent around the refreshment table.

Four Points in Dominion

MONTREAL, June 11- The extension of the Trans-Canada Air Lines transcontinental route to Victoria brings to twenty-four the number of points in Canada for which air express service is provided by Canada's national air line according to an announcement today by G. E. Bellrose, general manager of TransCanada Air Lines.

"We established air express between Montreal, Ottawa, Toronto, Winnipeg, Regina, Lethbridge, Edmonton and Vancouver in October 1938," Mr. Bellrose said, "and this has grown from the original eight centres to 24, from the Atlantic to the Pacific with direct connections to and from points in Newfoundland and in the United States."

Mr. Bellrose stated that arrangements are in effect between Trans-Canada Air Lines and the Pan American Airways for the transportation of traffic in air express between points in Canada and those served by the Pan-American Airways in Cuba, Central and South America as well as certain islands in the Caribbean Sea. Trans-Canada Air Lines express services also have air express connections with the American air lines via Dallas, Texas, to Monte-ENGLAND, rey, Mexico and Mexico City.
