But the reporter who runs the gauntlet of secretaries and manages to wedge in a word between telephones meets the same friendly soul who shops with a market basket on Saturdays.

Byrne Hope Sanders says the trouble with all this price control business is that it keeps her away from her children. She and her husband have an apartment in Ottawa but the two Sperry children -Doddie, nine, and David, seven -live in the big house in Toronto with their grandparents.

Survey Shows Gallant Women of Britain Take Aspirin to Give Quick Relief

The thousands of British women now working in war plants are determined not to let sore throats, fevers, and colds get them "down." Production must keep up . . . and a recent government survey showed how British women are counting on Aspirin, to help them carry on.

Aspirin was named as one of the three leading drug items British women want for health and morale. And this is easy to understand . . . for generations have proved that Aspirin is one of the safest, most dependable analgesics known.

An Aspirin gargle for sore throat relieves pain and rawness almost at once. Aspirin taken with water relieves the headache of colds . . . muscular aches and distress. Aspirin costs less than 1¢ a tablet in the economy bottle . . . so always keep it handy for quick relief.

Made in Canada, "Aspirin" is the trademark of The Bayer Company, Limited. If you don't see the Bayer cross on each tablet, it isn't Aspirin.
