# BELIEVES IN FAIRY TALES?

A handful of choice remarks by "Independent" candidate for Mayor, Robert Mclay, at his meeting of eleven citizens last night:

- "I have no program, programs are all baloney."
- · "You can't do anything to improve the city just now."
- . "I object to the Public Rest Room."
- "To speak of buying out the Power Corporation is silly."
- "I am not aware of slum conditions in Prince Rupert. There are a few soldiers' wives in crowded quarters but they don't have to live here."
- . "The Power Corporation has the City's interests at heart." ETC. ETC.

Your Part - -

From which you will see that "Bob" peddled more baloney last night than he has sold for a long time.

With no program and no organizaions to back them the "Independents" are driven in desperation to build their case on slandering what they term "SO-CALLED" Labor men. Let the truth be distinctly understood — the Labor Slate is backed by every Union, Co-op. and eople's organization in this city. The

Civic Labor Federation is the only group devoting itself all the year round to bettering the interests of all the citizens of Prince Rupert. The hundreds of property-owners who voted Labor last year will do so again tomorrow.-

## MAYOR ALDERMAN (One-Year Term) (HOW TO VOTE THE LABOR SLATE)

### FINAL MESSAGE TO THE VOTERS.

The Labor Council ended one-man government in this city. They took over to find no provisions made to meet many existing obligations. Further, the rights of you, the citizens and taxpayers had been trampled on by outside powers. Labor took the stand that it helped the war effort not one jot or tittle to wreck the city. Your Labor Council has stood firm and fought your battle all year (often unpublicized for security-reasons) against terrific pressure from such interests as Wartime Housing, who had been given hundreds of lots at \$1 each. (What did you pay for your lot?) As a result of the year long battle (for six months councilmen were gathering four, five and six nights a week), restitution will be made by the authorities concerned; unless they find you the citizens repudiate the stand of your present council and prefer the "Independents."

The record is clear. The Council has taken it on the chin for all working and business people. This has been the best and most responsible administration in the history of this city, dealing in action, not words, as the press remarked. To say they have done nothing is a cheap bare-faced vote-catching lie. Back the Council's fight to rebuild Prince Rupert by voting solid Labor.

Sincerely yours,

BRUCE MICKLEBURGH, · Secretary Prince Rupert Civic Labor Federation.

The Candidates marked "X" are backed by every Labor and People's Organization in this city as bona-fide Labor Candidates.

JAY in, day out, your electrical appliances - food-savers, labour-savers, time-savers - are more valuable to you now than ever before! They work most efficiently, and at minimum cost, if kept in good condition. Give them the attention they deserve at the first sign of wear or trouble. Minor repairs can be quickly and easily made at home. Do not neglect repairs until the appliance is out of commission. For more serious trouble, call your repair man immediately. Give them the care they need and they will keep you singing through the days - "Sunday,
