The Ontario Election . . .

The Co-operative Commonwealth Federation, which had not a single seat in the last Ontario Legislature and polled only about five per cent of the total vote in the last general provincial election, emerges as a strong second in party strength following the election in that province yesterday. This is the notable feature of the results of the election. It is the greatest confirmation we have had to date of the marked swing to socialism that is occurring in Canada today. It will hearten Socialist politicians who envision the accession of their party to national power in Canada before long now. In any case socialism is definitely on the march towards political control of the Dominion and we may as well admit the fact here and now.

The Progressive-Conservative party under Col. George Drew, with some coalition or agreement with the Liberals, is apparently to form the new government in Ontario. A government by compromise, with no party having a clear majority, appears to be Ontario's present political due.

Nor is there much of the unexpected in the overwhelming defeat of Premier Harry Nixon's Liberal government which was without powerful leadership and more or less wracked with internal dissension in reaction to the regime of the fiery Mitchell Hepburn, whose re-election was a personal tribute.

All in all, the Ontario election results may be accepted as significant but they cannot be regarded as particularly surprising.

Queen Mary Chapter Has Regular Meet

The regular monthly meeting of Queen Mary Chapter, Imperial Order, Daughters of the Empire, was held at the home of Mrs. J. E. Boddie yesterday. Mrs. D. C. Stuart, regent, presided over a well attended meeting. Routine business was the order of the meeting.

One new member, Mrs. E. T. Applewhite, was welcomed into the chapter. Mrs. Scherk was the winner of the usual raffle of War Savings Stamps.

Next meeting will be held at the home of Mrs. S. D. MacDonald on September 1.

Ten thousand alarm clocks have reached Britain from North America to ease the shortage and another 50,000 are on their way. Railway workers and road passenger transport workers are to be given preference in purchasing the clocks. The board of school trustees decided to get in touch with the city council last night inquiring as to what is being done in regard to supply of coal for the coming winter. Some of the schools already have a good stock of coal while others have yet to fill their bins.

THIS DELICIOUS QUICK SOUP TAKES THE DRUDGERY OUT OF COOKING

1. Ideal for auto camps, picnic grounds or summer cottage.
2. No tins to dispose of.

ANOTHER WAR PLANT FLATTENED! Another submarine base blasted! Another transport column blown into a tangle of scrap iron! Every night the R.C.A.F. attack teams tell of the havoc their bombs are spreading.

Perhaps you, too, can share in these thrilling days and nights of flying adventure. R.C.A.F. aircrews take the world in their stride. The world respects them. The enemy fears them. Canada offers more young men the chance for such a career.

The biggest job is still to be done. What is to prevent you from getting into the fight? No job in Canada is as important as the job of blasting the fortress of Europe into unconditional surrender.

If you are physically fit, mentally alert, over 17½ and not yet 33, you are eligible for aircrew training. You do not require a High School Education. You can be in uniform at once.
