A NEW WORK A NEW WORLD - A NEW HORIZON for Women New fields for women have been opened in the Services. More than 50 different occupations, vital to the war effort, offer women the opportunity to serve their country. Are Women Really Needed? Yes-urgently! New fighting fronts are developing and fighting men MUST not be doing jobs which women can handle. What Qualifications Do I Require? You must be between the ages of 18 and 45, in good health, with Grade VIII education or better. You must be single, or married without dependent children. I've Never Been Away From Home Before In the Forces you will live in a friendly atmosphere with girls like yourself who have decided to carry their share. You will meet splendid women from all over Canada, see new places, do new things, form new friendships. You will find plenty to interest you both on and off duty. What About My Health? It is watched over more carefully even than at home. You'll have regular hours-plenty of exercise and sports,-lots of good food-medical and dental care. In a few weeks you'll find yourself feeling and looking better than ever before. Is The Pay Enough? Yes-for you receive free all equipment, shelter, food, clothing, medical and dental services. Perhaps I Won't Fit Into The Work? Every effort is made to fit each member into the job for which she is best suited and which she finds most i teresting. The choice is wide and thorough training is given in many trades. What Training Do I Get? You start with 4 weeks basic training. After that there are training courses in scores of different trades. Is There Chance of Promotion? Certainly! The three Forces are expanding rapidly, and promotions are made from the ranks. Additional training is given where needed. Every encouragement is given to developing your talents and securing advancement. You may lay the foundations of a new career after the war, through the training received. Lifetime horizons will be broadened. Best of all, you'll have the satisfaction of doing your part now.
