# Double-Action Way BRONCHITIS To Help Relieve BRONCHITIS

COUGHS . SORENESS . CONGESTION

Get right after painful bronchitis miseries ... help relieve the coughing, congestion, and soreness this time-tested Vicks way that is so successful!

Put a good spoonful of Vicks VapoRub into a bowl of boiling water. Then breathe in the steaming vapors for just a few minutes. With each breath

you take, the medication goes straight to inflamed bronchial tubes where it soothes irritation, quiets coughing and loosens tightness and congestion. At bedtime rub Vicks VapoRub on

throat, chest and back. Its poultice-vapor action works for hours to bring you added comfort while you sleep.

THE MANUFACTURE

# UNDERWEAR

is being INCREASED EXTENDED

To meet the increased demands for all lines of children's underwear, plans were developed last summer with the manufacturers for stepping up production to the maximum and continuing it through the winter months. In normal times production is discontinued in the Fall, and most retailers receive the bulk of their supplies before winter sets in.

To facilitate the increased production, arrangements were made for appropriate supplies of yarns and other raw materials. Production quotas were worked out with manufacturers to make full use of the looms and equipment that can turn out these goods in Canada.

The extended production schedule will bring a continuing supply of new goods to retail stores during the winter.

Military needs as well as increased civilian requirements have put enormous strains on Canada's knit goods industry. The public is asked to co-operate by spreading its buying of children's underwear over the season.

### Production of Children's Underwear in Canada: -
