The Taste of Safety

RINK a glass of Carnation Milk, chilled and mixed with an equal amount of cold water. Notice the rich and different taste. Homogenization enables you to taste the cream more. Sterilization flavor-changes the natural milk sugar. It's the taste of safety.

Carnation is good whole milk, evaporated. It contains all the food values of whole milk - and extra "sunshine" vitamin D through irradiation. Write for free Cook Book. Carnation Co. Limited, 470 Granville St., Vancouver.

Group Captain R. H. Foss, commanding officer of the Royal Canadian Air Force at Prince Rupert, who went all through the Battle of Britain and the great blitz from September, 1940, to April, 1941, and missed only one of the great German raids on London, spoke graphically of his experiences and impressions at the luncheon of the Prince Rupert Rotary Club yesterday. the people of Britain in their hour of trial and stress and expressed pride at being a memper of the British race. Under attack such as that of the blitz there could be no person who the guns-and luck, maybe. I was not afraid, although many might not admit it, but there was no quailing and no flinching. The people proved themadaptable to sudden change in their whole manner of living and resourceful under new conditions. In normal times when things were going smoothly and well, the Briton must complain but the speaker could say that he had never heard complaint or protest in the hour of the nation's great trial. He gave interesting personal reminiscences to illustrate that Acting on impulse, we all raced great spirit.
