Old Moorings East of Dry Dock to Receive Attention -New Floats Still Delayed

Plans and specifications are out with a larger wharfhead benow being prepared for renewal hind the "L" of which a float of the fishermen's floats and is to be installed, primarily for breakwater just east of the dry the purpose of more comfortable dock on the local waterfront, landing of stretcher patients goit is stated by C. F. P. Faulkner, assistant district engineer for ing to hospital there. the federal department of public works, who is in the city on official business, having arrived from Vancouver at the end of the week. The work is expected to cost approximately \$35,000.

Work on the new \$96,000 fishermen's floats off Westview on the west end of the waterfront is still being held up for lack of materials in the way of logs for floats and breakwater. All piles. piling is now in but it has been necessary to pick in additional fill for the support of mooring piles and this is now about finished.

Mr. Faulkner will leave tomorrow for Port Simpson and the Naas River and will later visit the Skeena River.

MOOSE CALF BORN IN GARDEN PATCH OF DOUGHTY RANCHER

Alex. Murray of Doughty has had the novel experience of having a moose calf born in his garden patch within sight of his farm home. Alex. keeps his cow tethered out near the garden and the mother moose apparently was afraid that "Bossy" was trying to kidnap her offspring. She drove into her hard enough to break the tether and "Bossy" lost all interest in proceedings in that immediate vicinity. Alex's young son thought it might be a good idea to pick up the moose calf but Alex. warned him that he might suffer the same fate as the cow. Alex. Murray was at one time a resident of Prince Rupert. He used to work for Lindsay's Cartage here.
