HIGHWAY

Asked by the Prince Rupert industrial Development Committee for suggestions as to matters which might be taken up by a delegation it is proposed to send to Victoria to meet the government seeking support for the movement to bring about post-war development of the natural resources and industrial ootentialities of this port and porthern and central British Columbia generally, the executive of the Prince Rupert Chamber of Commerce met Friday afternoon. Two principal sug gestions were offered:

. First, that the whole highway situation be clarified including the jurisdiction of the Prince Rupert Highway as between federal and provincial authority and that Premier John Hart be asked as to a pledge he made a year or so ago that the Hazelton route would be surveyed along with others for a proposed connection of the central inwith the Alaska Highway.

Second, that the co-operation of the provincial government be obtained in connection with the development of Oriental markets for the natural resources. particularly timber products, of northern and central British Columbia.

Meeting with the local Chamber executive was George Mc-Adams, vice-president of the Terrace and District Board of Trade, who was on his way to Vancouver to attend a meeting of the western regional committee of the Canadian Chamber of Commerce.

Mr. McAdams is bearing a resolution from the Terrace Board of Trade seeking development o the Oriental market for the goods of western Canada, one proposal being that a short wave radio station be established on the West Coast of Canada with a view to publicizing this part of the country in the Far East.

The local Chamber executive 10:00-CBC News. considered a telegram from the Stewart Board of Trade seeking the resignation of the provincial deputy minister of mines but no action was taken, the message being filed.

INDIAN MUTINEERS SEIZED SLOOPS LIKE THIS AT BOMBAY—The city of Bombay, India, is said to be in absolute rebellion with frenzied mobs roaming the streets, burning post offices and attacking banks. British troops have fired into the rioting mobs and British bombers hover overhead. It all started when mutinous members of the Royal Indian Navy seized several sloops like the one above, eventually getting control of 12 ships and naval shore establishments in the Bombay area.
