THE BITTER END

To "the bitter end" has a natural origin. A ship's anchor chain, at the point where it was fastened to a vertical timber called the bitt, was known as the bitter end.

about 40 degrees, a few degrees at a time over a period of a week.

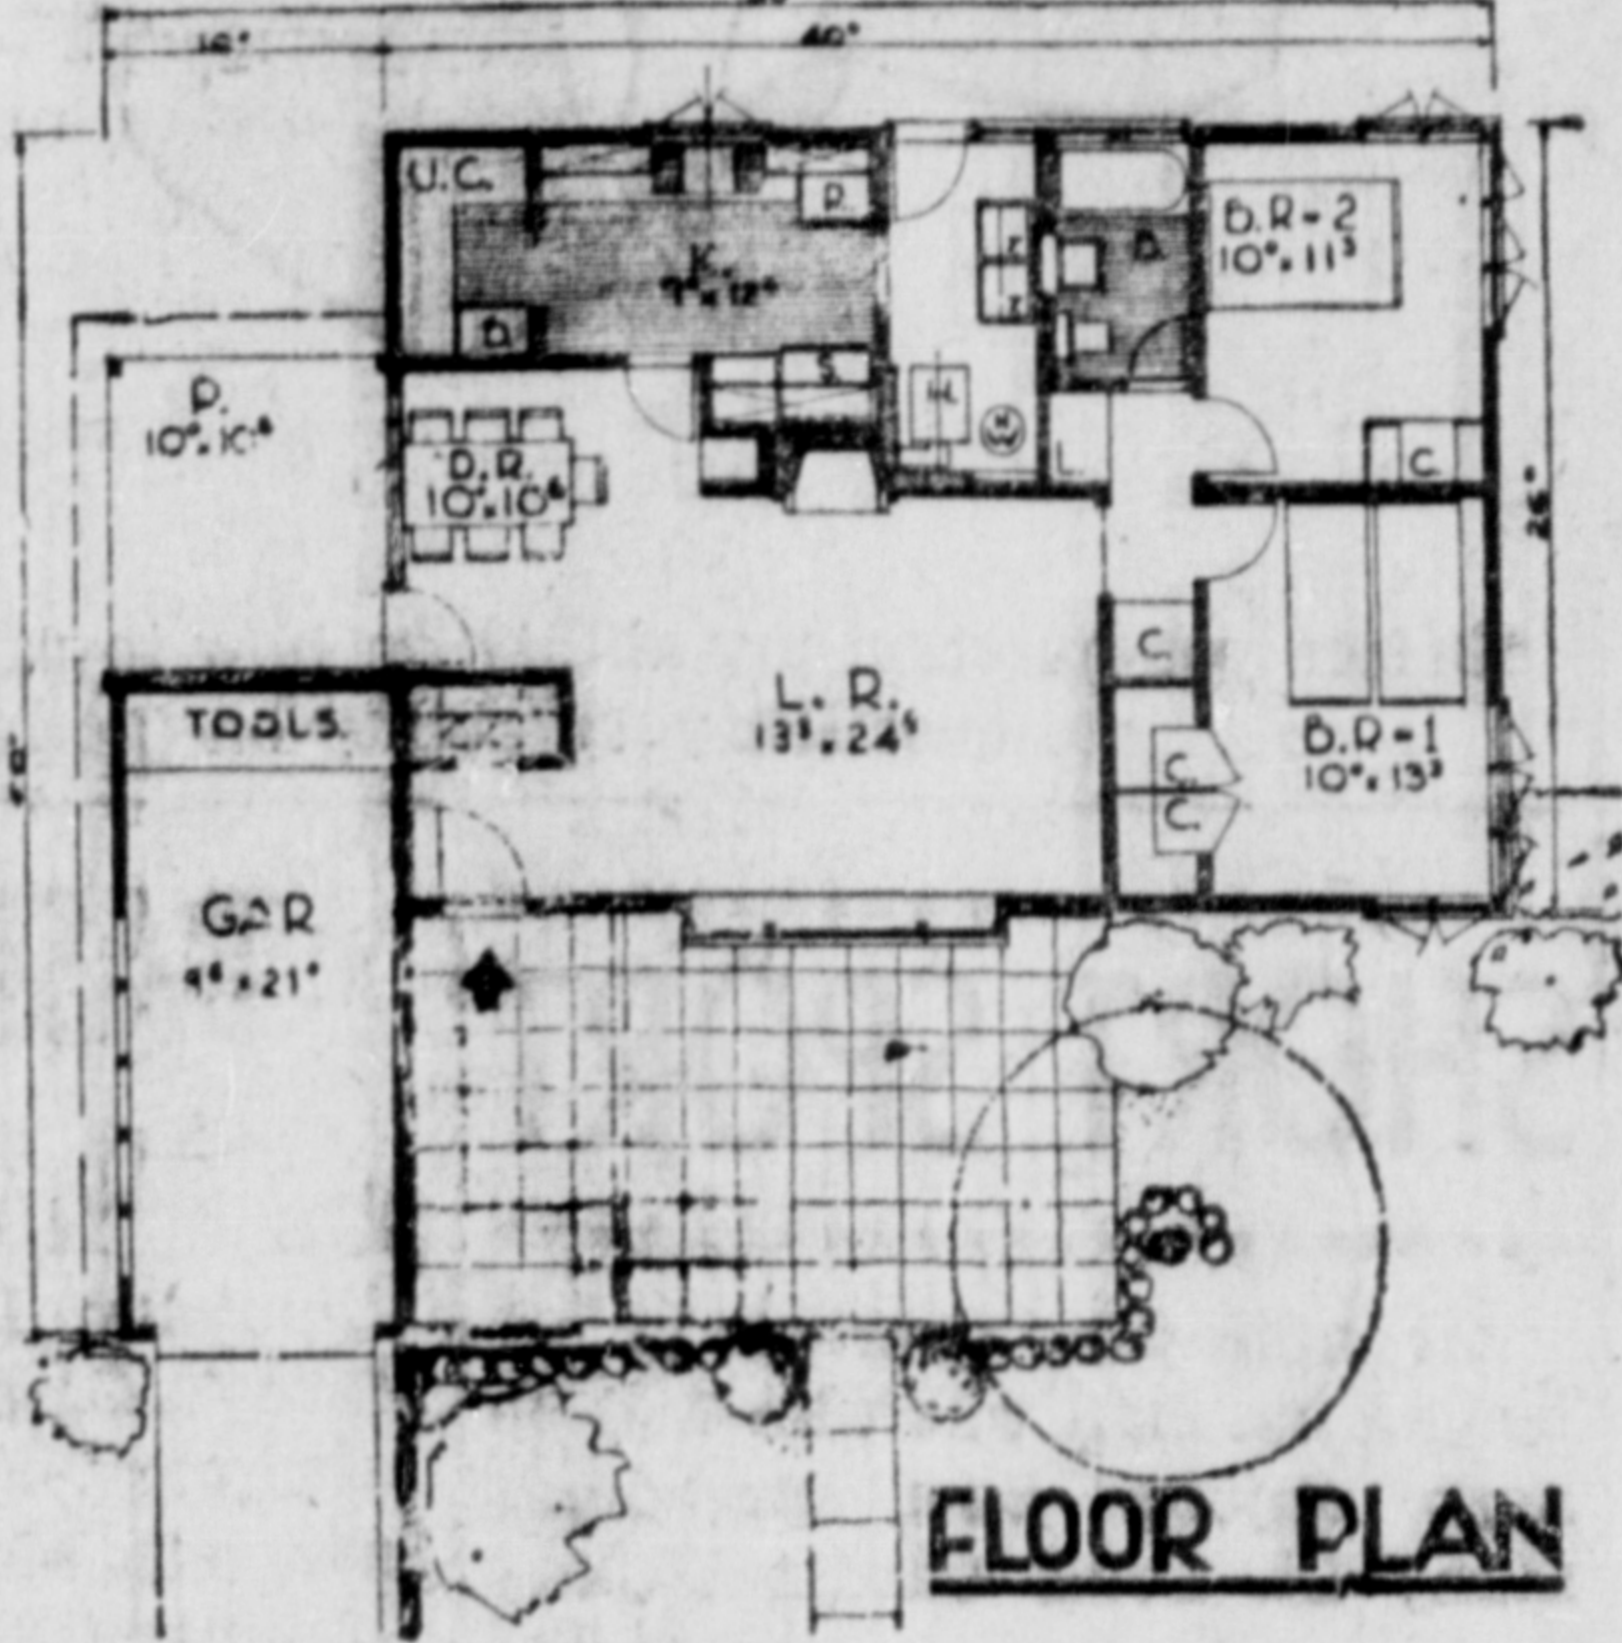

Keep the seedlings in this cool atmosphere continually, giving them plenty of light. These circumstances will allow for sturdy root growth at the expense of top growth which is not needed. When they are four inches tall, transplant three to a three-inch pot or about two inches apart each way in a flat, keeping them out of the sun for a week to harden them to the new situation.

Pine hout the tip of leading branch when five inches high. When danger of severe freezing is over, you can keep them in the cold frame until time to set in the garden.

Inclusive Design of Monthly Small House Club, Inc.

A small home for a small family. The Piedmont is all one-story. Vertical redwood boards form its exterior; living room has picture window; dining alcove features glass block wall. Designed to comply with standards of construction.

COMFORT TEMPERATURE

The human body is so constituted that it functions best at temperatures of 60 to 70 degrees for those who wear civilized clothing, and at somewhat higher temperatures for unclothed people.

Native Brothers Form Branch at Pt. Essington

PORT ESSINGTON—A new branch of the Native Brotherhood of B.C. was organized here this week embracing the greater part of the population of this Skeena River village. The branch was organized by Johnsson Russ, northern district vice-president.

Newly-elected officers are: President, Louis Starr.
First vice-president, Titus Campbell.
Financial and recording secretary, Edward Bolton.
Treasurer, David Spalding.

The newly-elected officers were installed at a banquet which followed the elections. Host was David Spalding and master of ceremonies was Louis Starr. The festivities were climaxed with a concert and dance in the evening.

ROUGH ON INSECTS

Various types of flowers, such as asters, carnations, azaleas and geraniums, can be treated now with a chemical compound which is absorbed through their roots and makes the plant toxic to insect pests.

SYNTHETIC OIL

Synthetic oils have been developed that will continue to flow at temperatures as low as 121 degrees below zero. They are for use in airplane hydraulic systems.

REGINA MOTHER CONDUCTS BAND OF YOUNGSTERS

Frightened of Chickens, Abandons Farm Work For Music Teaching and Leads Band of 51 Children

REGINA — An announcement that a Regina service club has adopted the Regina junior band has brought to light the fact this city possesses perhaps the only civilian woman band conductress in Canada.

She is Mrs. A. B. Mossing, wife of Sgt.-Maj. Mossing, conductor of the 12th district depot band. Only a little more than a year ago she started the junior band, her assets then consisting of 18 ambitious youngsters who liked to make music and had instruments of one kind or another, plus a "know how" she had picked up while assisting her husband to train bands in Regina, Bengough and other centres.

R. Volhoffer of Regina was named president of the band executive, and practice sessions were arranged weekly. Mrs. Mossing also arranged for various sections of the band to gather in her kitchen on other evenings during the week. Now the band has been invited to compete in a festival at Williston, N.D., in May.

Mrs. Mossing traces her interest in music back to the day when she discovered she was afraid of chickens and had no talent for milking a cow. She was then newly married and lived in the Viceroy district.

Later she began teaching music to her children. When the Mossings moved to Bengough, she assisted her husband in directing the junior band there which

In 1939 the musical Mossings moved to Regina and the family continued with music. Isabel, the eldest, played in a girls' orchestra and with the junior symphony. Basil, Fred, D'Arcy and Bobby, the boys, also were active musically. When war broke out Isabel, Fred and Basil enlisted. Fred and Basil both attained rank of flight lieutenant in the R.C.A.F. and Fred earned a D.F.C., but was killed in a flying accident in England last May.

D'Arcy, who is 16, plays first trumpet in the Regina junior band, Bobby, nine, a clarinet. "I have never asked a child to join," said Mrs. Mossing. "They just show up by themselves. The only qualification is that they must take their music seriously."

The band now has 51 members and there are four drum majorettes. It has performed at various concerts in the city and has been out to meet troop trains when the 12th district depot band was unavailable.

been made including some from representatives of societies set up to trace missing persons. Most of the applications come from naturalized South Africans who came out to the Union from the Balkan States and who wish to make personal investigations in the belief that their knowledge of the countries concerned will help them.

Sixty-one foreign wives were aboard the Carnarvon Castle which arrived at Durban recently with more than 300 South African troops returning from Egypt. The women, most of whom accompanied their servicemen husbands from Europe, included Italians, French, Greeks, Austrians and Czechs. A salvage company has been formed by ex-servicemen in Cape Town to recover some of the millions of pounds worth of cargo lost in Union waters during the war. The company hopes to start in February or March on a wreck only a few miles from Cape Town which is stated to contain \$9,000,000 worth of cargo.
