Seasonable Ideas for Housekeepers

Cool Drinks For Summer Days; Ice Cream and Variations

"Cold Comfort" is an expression often used with a suggestion of unpleasantness. In the heat of summer days when comfort depends largely on coolness, a frozen dessert or iced drink contributes greatly to the pleasure and comfort of living.

The idea of having syrup for cold drinks made in quantity is not new, but home economists say it is surprising how few people look ahead far enough to make this preparation. With the sugar dissolved it is a simple matter to make a cool fruit or milk drink on a moment's notice.

Ice cream made with whipped cream is out of the question this summer, but with a custard base it is possible to make a smooth, rich, frozen dessert.

Syrup For Cold Drinks

Add water to sugar in the proportion of 1 cup water to 1 cup sugar. Bring to boiling point, skim and store in covered glass jar in refrigerator.

Summer Cooler

6 tablespoons cocoa
½ cup sugar
Few grains salt
1 cup water
4 cups milk
6 drops peppermint extract or 3 drops oil of peppermint

Combine cocoa, sugar and salt. Add water, blend until smooth. Boil 5 minutes, add milk and heat in to of double boiler until steaming. Chill and add peppermint. Pour over cracked ice. Garnish with sprigs of mint. Yield: 5 cups.

Blueberry Refresher

½ cup blueberries.
1 cup water
¼ cup sugar
1 egg well beaten
Few grains salt
Juice of ½ orange
Juice of 1 lemon
Cracked ice
Whole berries for garnishing

Add water to blueberries and simmer slowly until tender. Press through a sieve, add sugar and stir well. Cool. Combine well beaten egg, salt and sieved fruit. Add orange and lemon juice. Beat or shake well. Pour into glasses half filled with cracked ice. Garnish with a few whole berries. Yield: 2 cups.

Basic Recipe For Ice Cream

2 cups milk
2 tablespoons flour
⅓ cup sugar
¼ teaspoon salt
2 egg yolks
1½ teaspoons vanilla
2 egg whites
2 tablespoons sugar

Scald milk in top of double boiler. Blend together the flour, sugar and salt. Gradually add to scalded milk stirring constantly until mixture thickens. Cook 10 minutes stirring occasionally. Blend a few spoonfuls of the hot mixture with beaten egg yolks and return to first mixture. Cook 2-3 minutes longer. Pour into refrigerator tray and freeze to a mush. Empty into a bowl, beat slightly, add vanilla and fold in egg whites, which have been beaten with 2 tablespoons sugar until stiff. Pour into freezing tray and freeze until firm, 2-3 hours, with temperature control set at lowest point. Stir mixture with a fork two or three times during the freezing period to give a smooth consistency. Six servings.

Variations:

Chocolate Ice Cream—Melt 1½ squares of unsweetened chocolate and add to basic recipe just before cooling the custard mixture.

Peanut Butter Ice Cream—Blend ½ cup peanut butter and ¼ cup milk until s mooth. Add to the cooled custard mixture of the basi crecipe. Reduce the vanilla to 1 teaspoon.

Banana Ice Cream — Reduce milk in basic recipe by ⅓ cup and add 1 cup mashed bananas to the cooled custard mixture.

Raspberry Ice Cream—Reduce milk in basic recipe by ⅓ cup and add 1 cup crushed raspberries to cooled custard mixture More sugar may be required.

Edinburgh Plans Music Festivals

EDINBURGH (CP) — The pre-war music festivals of Salzburg, which attracted musical pilgrims the world over, is to be emulated here.

Edinburgh plans to hold annual festivals along the same lines, and arrangements are already complete for the first—running three weeks through August and September of this year—which it is hoped will attract 100,000 visitors from all parts of the United Kingdom.

Three theatres, a royal castle and Holyrood Palace are to be used as settings for the Operas, symphony concerts, ballet and plays to be presented. Orchestras from all parts of Britain and Europe have been hired to perform while top-flight artists will include favorites of the American concert-halls.

A new note in international festivities of this type will be in the inclusion of folk and Scottish dancing—and bagpipe music.

The Grand Old Recipes

made more delicious with Carnation Milk

YOUR cream soups and sauces . . . desserts and creamy entrees—take on an entirely new and luxurious character when you make them with double-rich Carnation Milk. They're smoother, richer, finer in flavor. It's easy to use Carnation—if the recipe calls for milk, use half Carnation, half water; if cream is called for use Carnation undiluted as it pours from the can.

Carnation is just pure, whole, cows' milk, evaporated to double richness by removing part of the natural water, homogenized for smoothness, sterilized for absolute safety.
