Complaint Heard of Sabotage On Fishing Grounds Off Nova Scotia

OTTAWA—Charges that Canadian fishing gear had been destroyed by foreign trawlers operating in Teuro fishing banks off Nova Scotia were heard yesterday during discussion in the House of Commons on fishing affairs. Several other nations which had fishing vessels there were named but it was not stated which nation had destroyed the Canadian gear.

Minister of Fisheries Bridges said that no foreign governments had yet been approached on the question of such Canadian fishing gear having been tes, through the destroyed by the foreign trawlers.

Five Canadian schooners were said to have suffered losses of \$1350 worth of gear. The skippers had not been able to identify y R. C. Vaughan, definitely the trawlers which nan and president. had caused the damage. MINE SWEEPERS

Union Steamship Co. to Give \$800,000 of Work

Four minesweepers of the Bangor class purchased from the War Assets Corporation by Union Steamships Co, Ltd. are the Courtenay, Chignecto, Miramichi and Bellechasse. They are 180 feet in length, 28 foot beam and have a speed of 16 knots per hour.

Plans are now being developed for their use in connection with the Union Steamships program of expansion and when these are completed tenders will be called from local shipyards.

The conversion work will easily involve an expenditure of Viscount Alexan- over \$800,000," said Carl Halter- LEFTIST LABOR Steamships. However, It Has Now Resumed Again-Yields About Average

WINNIPEG - A general rain over most of the prairie area on August 24 and 25 had delayed the harvest for two or three days but it now seems to be in full swing again, according to the weekly crop report of the Department of Agriculture of the Canadian National Railways.

Southern Manitoba reports cutting nearly completed and this percentage decreases west and north across the prairie till central Alberta is reached. There cutting will not be generalfor another week.

Results of the harvest are toba and the grades are good. lief, everything went fine. Saskatchewan yields are just about the long time average with the grades being a bit low. In Alberta the harvest is not far enough advanced to make any accurate estimates. Labor supplies appear adequate at all

Farmers' Representatives Not Pleased With Results at Ottawa

OTTAWA - Alberta and Sastives, who came here to present to the federal government demand for the establishment of a view to establishing parity prices for farm products, are not satisfied with the reception they received. They met yesterday with Rt. Hon. C. D. Howe, minister of reconstruction, and Hon. J. A. McKinnon, minister of trade and commerce, as well as departmental officials. The delegation came to the capital after farmers' organizations had decided on a delivery strike if their demands were not met. The abolition of the Winnipeg Grain Exchange is also sought.

PARLEY IS BOYCOTTED

JERUSALEM - The Arab League executive here announces there will be no Arab delegates from Palestine to the proposed conference in London to discuss the future of Palestine. The boycott of the conference is, apparently, in view of the British government's refusal to invite the Grand Mufti of Jerusalem to the conference.
