Opening up of the line proposed by Mr. Applewhaite would involve the construction of but three links between existing railway lines and would cost only \$18,000,000, he said. Its benefits would be immeasurable, particularly to the port of Prince Rupert and Peace River as a nationai project for the further development and opening up of Canada's great northern natural resources.

"The sole need of the Peace River country to make it one of the greatest and most prosperous agricultural areas in the world is adequate transportation reasonable cost such as can best housand Persons be provided through the port of Prince Rupert," said Mr. Applewhaite, who declared it was a moral obligation to the people improvement of this section of received the best actress award ners which will their country with a Pacific out- without a proper permit from the tival here. in the next four let.
