BULLETIN FOR KINSMEN CLUB

Damp Name Is Being Given Publication—Pictures Feature Dinner Program

With a touch of humor calculated to tease the sensibilities of loyal Prince Rupert citizens, the Kinsmen Club last night affixed the title "The Rain-Drop" on its bulletin publication and named Chairman N. M. Carter, Ray Allen and Alex Armstrong as publication committee.

"It was," said Mr. Carter, who piloted the motion, "a gag, but now we have the title so all we can do is make it a good bulletin."

Held in Reid's Cafe, the meeting was attended by more than 30 members and guests. Entertainment feature was the showing of colored films of local scenes by George Peters, local camera hobbyist.

Installed as new members were Jack McRae and R. G. Moore and guests included A. J. Dominato, George ePters, H. J. Young and Ralph Browne.

HALIFAX, Eng., ℗ — Three hundred men with guns who searched 50 square miles of Lancashire and Yorkshire moorland for foxes ended the day with only 10. They blamed the poor result on spectators who "walked haphazardly across the moors."

Britain Will See Best French Films

LONDON, ℗—The best French films are to be shown throughout Britain as the result of negotiations between J. Arthur Rank, millionaire British movie magnate, and French producers. Under the arrangement, the best British films will be distributed in France. French films to be shown here will be synchronized with English dialogue instead of the present practice of subtitling in English. E. T. Carr, managing director of the distributing firm of Eagle-Lion, stated that the first two French films to be distributed in Britain are Jean Cocteau's "Love Eternal" and the life story of Berlioz under the title "Symphonie Fantastique."

Whifflets From The Waterfront

C.P.R. steamer Princess Norah, Capt. Graham O. Hughes, arrived in port at 9:30 this morning, northbound, carrying passengers for the Alaska ports. Sailing north aboard her at noon were 84 passengers, four of which were from Prince Rupert. Two passengers disembarked here.

A PRECEDENT

A millowner was an employer of the old, old school.

One day one of t he oldest hands approached him. "I want next Friday off, sir," he said.

"What for?"

"Well, you see, it's like this. It's my silver wedding, and me and the missus is going to have a bit of a do."

"Oh, aye," said the employer. "And is this going to happen every twenty-five years?"

MAPPING OF AUSTRALIA

SYDNEY, Australia, ℗—Mapping of Australia's 3,000,000 square miles and the mainland territory is planned by survey sections of the Army and the Royal Australian Air Force. The two services plan to use modern radar map-making techniques.

The project may take 20 years. The R.A.F. expects to take five years to photograph the Commonwealth from the air; the army, 15 years to co-ordinate ground data.

The Army director of survey says that 90 per cent of Australia is still inadequately mapped in detail. The bulk of maps of settled areas are based on old and erroneous information prepared by out-dated methods. By using radar between the mapping aircraft and the topographers, the ground surveyors' fixation range will be increased from about 30 miles to 200 miles.

The plan is subject to Commonwealth government approval of a recommendation by the general staff that the Army Survey Corps be maintained at 10 times it pre-war strength of 50 men.

The Survey Corps, aided by R.A.A.F. and U.S. Army Air Force photographers, mapped about 100,000 square miles in Australia and another 50,000 in the islands during the war. From the aerial surveys, the corps has built up in Melbourne a national library of more than 2,000,000 photographs.

The corps printed for the Australian and U. S. forces 19,000,000 map sheets, mostly operational. Five million of these maps were produced in the field by mobile lithographic units.

INTOLERABLE

She was obviously annoyed when she returned from her shopping expedition.

"John," she said to her husband, "I've just found that the woman next door has a coat exactly the same as mine."

John looked up from his banking account, which he had been trying to balance.

"Well, my dear," he said, "I suppose you'll want me to buy a new coat?"

"Yes," she replied, "It would be cheaper than moving, wouldn't it?"

Local Service Men Returning

Prince Rupert service men now on the way home after service overseas with the Canadian Army include several who landed at the end of last week on the troopships Queen Elizabeth at New York and the Aquitania at Halifax.

Crossing on the Elizabeth were Gunner A. J. Hadland, Trooper N. Hamilton (next-of-kin) Mrs. L. S. Vietch), Pte. R. M. Clark (D. Clark), Pte. W. B. Garlick (Mrs. William Garlick), L/Cpl. G. A. Nelson (Mrs. S. Nelson).

The Aquitania brought Major J. A. Cade (son of Dr. and Mrs. J. P. Cade) and Cpl. J. W. Steele (next of kin, Mrs. H. K. Steele).

Fine Indians $30 For Two Spouses

WASHINGTON— The Navajo Indians have abandoned plural marriage, and old tribal custom Not only did they take the action without any urging from the Great White Father, but they had a hard time convincing him they really meant it. Under new tribal rules the penalty for taking more than one wife is a fine of $30. However, Navajos with more than one wife may keep them all without penalty. Officials of the Indian Office said the ban has been in effect for several months but had not attracted attention.
