THAT'S what the dream books say! And good I advice it is, too - if, as is likely, your bad dreams are caused by over-stimulated nerves. And it could be that the cause of your nervousness and excitability is the caffein in the tea or coffee you drink.

Try Postum! Postum is a delicious, heart-warming, mealtime drink that you make right in the cup, just

by adding boiling water or hot milk. And Postum is free of caffein or any other drug that might affect heart or nerves or digestion. Costs less than 1¢ a serving. Your whole family should be enjoying Postum regularly!
