PEACE TREATIES ARE PUBLISHED

Axis Satellites to Be Thoroughly Stripped of Any Power to Make War

MINIMUM OF ONE BILLION DOLLARS IN REPARATIONS SET, MOST OF WHICH WILL GO TO RUSSIA

PARIS (AP)—A Master Plan to strip Italy and other Axis satellites of their military might, bill them for \$1,000,000,000 in reparations, practically all of which goes to Russia, re-shuffle their frontiers and require them to guarantee "fundamental freedoms", was disclosed today with publication of proposed peace treaties drafted by the Four-Power foreign ministers.

The treaties, prepared by Britain, the United States, Russia and France, will be considered at the 21-power peace conference now in session in Paris. Final decisions will be made by the four major powers after the peace conference has considered the drafts in an advisory capacity.

The treaty drafts covered only phases on which the foreign ministers' council, at its recent Paris meeting, had reached an agreement. Matters on which no agreement was reached—such as the United States' demand for free trade on the Danube—were omitted.

Treaties with Germany and Japan will not be considered until the Allies deem those countries ready for full self government.

Military restrictions placed on the Axis satellites relegate the armed forces of those countries to the minor role of local defence. The following limitations are imposed:

Details of Demands Made on Italy
Italy—185,000 troops and 65,000 carabinieri (military police), compared with a 1939 army of 2,240,000 men and 5,175,000 trained reservists; navy devoid of submarines and composed of 67,000 tons and two old battleships, compared with a pre-war fleet of 717,420 tons including 130 submarines; air force cut to 200 fighter and reconnaissance planes and 150 transport and training craft.

Romania—Army of 120,000, compared with a pre-war force of 1,800,000; air force of 150 planes and 8,000 men, compared with estimated 1939 personnel of 15,000; navy of 15,000 tons and 5,000 men; anti-aircraft artillery of 25,000 men.

Finland—34,400 troops, compared with a pre-war force of 301,300; navy of 10,000 tons and personnel strength of 4,500; air force of 60 planes and 3,000 men.

Bulgaria—Land army of 55,000, compared with peak war-time force of 670,000. Anti-aircraft artillery of 1,800 men; navy of 7,250 tons manned by 3,500; air force of 90 combat type planes with personnel of 5,200.

Hungary—Army including frontier troops, anti-aircraft and river flotilla of 65,000 men, compared with 700,000 during war; air force of 90 planes manned by 5,000.

Billion Dollars Is Minimum
The reparations figure of \$1,000,000,000 is a minimum and may be increased.

The total amount Italy must pay, in addition to \$100,000,000 to Russia, has not yet been determined. Likewise, the amount which Bulgaria must pay has not been decided. Hungary, Finland and Romania each has been assessed \$300,000,000. The United States reserved the right, however, to oppose the assessment in the case of inflation-ridden Hungary.

Reshuffling of the map of Europe was one of the major undertakings outlined, but proposed territorial changes did not approach in scope the

ALL MODERN CONVENIENCES, IGLOO STYLE

"Hot jive with name bands! Cooler inside; smoking in the lounges," could be the billed attraction at this Canadian Arctic igloo. The eskimo called Pork, his wife Hattie and grandson Ikkat, shown in a scene from the National Film Board's production, "White Safari," a Canada Carries On release following Operation Musk Ox almost to the North Pole and back, are not the uncivilized folk a lot of people think Eskimos are. They use modern gasoline stoves and lanterns, alarm clocks, phonographs. Expecting him to be amazed by the snowmobile, Musk Ox men were surprised when Pork asked, "How much gas does it use?" The expedition came across this Eskimo family at Baker Lake, a tiny settlement on Chesterfield Inlet, Hudson Bay, just before the Safari of the Snows reach the Arctic Circle. In this shot from the NFB film, Pork is working on a new snow knife, Hattie is making caribou moccasins and Ikkat is kibitzing on the conversation.

STRONG WARNING AGAINST PLANNED MILITARY HATRED

"Caricatures of minorities, too, who could be by unscrupulous people, lead to individual freedom as was done in Germany in the 1930's. We must continue to fight against suspicion and under new guises," commented Rev. Basil S. Prockter, rector of St. Andrew's Cathedral, following a preview this morning of the short subject motion picture "Don't Be a Sucker" in the Capitol Theatre.

As guests of theatre manager J. Harry Black were more than two score rivic, church, service club leaders and educators who expressed themselves as equally impressed with the powerful picture which will be shown here at the Capitol on Friday and Saturday.

"It exposes a real danger that the objects of the war can easily be lost after the war itself has been won," said another.

Scoring hate-mongers who strive to gain leadership by appealing to group and racial hatreds among the population, the picture carries a young ex-serviceman, who has just been listening to a rabble-rousing street address, back through a similar street corner in Berlin where a Nazi storm trooper advocated similar principles of hatred more than a decade ago.

Showing the similarity of the beginnings of planned intolerance, the picture moves on toward the inevitable result, depicting what happens when a few gamblers with other peoples' freedom.

"Don't Be a Sucker" was originally made by the U.S. Army Signal Corps for showing to the armed forces and is distributed without profit by Paramount Pictures as a public service.

Bulletins

PALESTINE PLAN
LONDON—Rt. Hon. Herbert Morrison presented to Parliament today the plan for the creation of two states—Jewish and Arab—in Palestine.

SAVED FROM SHIP FIRE
RIO DE JANEIRO—Rescue has been effected of 1,000 passengers from a Brazilian transport which caught fire off the coast.

CAPTIVES' STORY
BERLIN—Two American officers, who were released by the Russians recently, told of their experiences while in Russian prison camp at Potsdam. They were captured July 4 when found in Russian occupation zone. They were well treated but kept incommunicado.

MINISTER WEDS
REGINA—Federal Agriculture Minister J. G. Gardiner and Maude Isabel Christie, widow of Dr. H. H. Christie, were married here on Monday. The bride was attended by her daughter and the groom by his son.

DRINNAN RETIRES
VANCOUVER—Walter Drinnan, for years chief pensions advocate for British Columbia, is retiring.

NEW COMMISSIONER
OTTAWA—Appointment of Mr. Justice S. E. Richards as commissioner in the dispute between the I.T.U. and the Southern newspapers is announced.

TO TAX CO-OPERATIVES
OTTAWA—A C.C.F. proposal that the proposal to tax co-operatives be held over was rejected 70 to 56 in the taxation committee of Parliament. Acting Finance Minister Douglas Abbott said it was the intention to go ahead with the taxation of co-operatives.

FINE RECORD MADE BY LOCAL HIGH SCHOOL IN MATRICULATION EXAMS

An analysis of the official departmental mark sheet for the University Entrance examinations reveals highly creditable work of Booth Memorial High School students here.

Of the 23 Grade 12 students writing for complete university entrance standing 14 passed in all subjects and received complete standing—one student—Dorothy Kergin—gaining an average of over 85 per cent in the required subjects.

In addition two other Grade 12 students wrote partial examinations and passed in all subjects which they wrote.

Of the nine students not granted complete standing, eight

passed in all subjects but one and the other student passed in all subjects but two. These students may complete their standing by writing supplemental exams in August.

Fourteen of the above students wrote in addition Senior Matriculation Science (Chemistry or Physics) and 10 passed, this making one subject less for them to complete next year in Senior Matriculation.

These Grade 12 students wrote a total of 110 University Entrance papers and passed in 100 of them which is 91 per cent of the test papers written.

NION HIRING PACT

VANCOUVER—A union-management agreement for the hiring of B.C. ocean-going seamen through union halls was signed yesterday and the new system will become effective on Thursday. The Canadian Seamen's Union will provide seamen to man Vancouver's 46 10,000-ton freighters.

BYRNES STATES U.S. POSITION

Smaller Nations To Be Considered—No "Peace Vengeance"

PARIS, (AP)—Secretary of State James Byrnes yesterday pledged United States support for any changes in the Big Four treaty drafts sought by a two-thirds vote of all 20 nations at the conference. His declaration, plainly stating American position against arbitrary rejection of smaller nations' recommendations for final treaty drafts, came after the rules committee had approved the principle of complete publicity for all conference deliberations. Mr. Byrnes also stated that United States would never again return to political isolation and said: "We do not want peace vengeance" that would plant "seeds of future wars."

House Approves Co-op Taxation

OTTAWA (AP)—A budget resolution dealing with the taxation of co-operatives was adopted by Commons in a standing vote of 70 to 56 after the C.C.F. called a halt to its members' attempts to have the legislation withdrawn or amended. Also adopted was a resolution giving new co-operatives a three-year tax exemption.

FAT EXPORT BANNED
WASHINGTON—The United States is stopping exports of all fats and oils owing to a "critical shortage" in the United States.

GEORGE DAWES GUEST IN FIRE-SWEPT HOTEL; LOST EVERYTHING

George J. Dawes, well known Prince Rupert business man, was among the guests in the Hotel Herbert at San Francisco which was swept by fire yesterday with the loss of lives of four firemen and the injury of several others. Edward Dawes received a telegram from his father stating he was safe and well but had lost all his effects. There were no other particulars. All guests had been safely evacuated from the hotel, the destruction of which marked the worst fire San Francisco has had in eight years.

Mr. Dawes plans on visiting Los Angeles before returning home.

MOLOTOV FOR TWO THIRDS

Russia Fears Bloc at Peace Conference if Simple Majority Adopted

PARIS (AP)—Foreign Minister V. M. Molotov of Russia fought today to establish a two-thirds majority voting rule for the Paris peace conference of 21 countries because, "if all decisions were by simple majority," the Union of Socialist Soviet Republics would be sure to find itself always in the minority." Molotov told the rules committee that a simple majority "would place the Anglo-Saxons at an advantage because it would form a bloc of from 12 to 13 votes." He feared the adoption of a simple majority rule would play the west against eastern Europe.

Holland and Greece have supported Australia against the two-thirds vote.

Car Crash In Interior

Telkwa Business Man and Police in Collision—Mrs. Bussinger Injured

SMITHERS (Special to Daily News)—C. F. Bussinger of Telkwa, accompanied by his wife, had a head-on collision near Houston with a Mounted Police car yesterday morning. Bussinger's car was badly damaged and Mrs. Bussinger suffered a severe cut on the head. There were no other parties injured.

Mr. and Mrs. Bussinger had left Telkwa for a short holiday trip to Vancouver but, owing to the damage to the car, were unable to proceed. The accident occurred near the bridge crossing the Bulkley River at Houston. The police car was coming up the hill around the curve when the accident occurred.

Owing to the heavy growth of bush and the position of cars drivers were unable to see one another until approximately eighty feet apart. By the time they had applied their brakes they had met.

The bumper of the police car rode over the top of Bussinger's bumper causing severe damage to Bussinger's car.

Mrs. Bussinger is out of hospital and quite comfortable.

The Bussinger car was covered by insurance.

Driver of the police car was Constable J. Ward.

DIPHTHERIA ON TRANSPORT

NEW YORK—A United States coastguard plane has flown anti-toxin to the United States transport Kobe Victory, carrying replacement troops to Britain, among whom diphtheria broke out. It must be a serious epidemic considering the large quantity of serum ordered. One man is known dead.

OUTLAW ATOMIC WEAPONS

NEW YORK—Delegates to the United Nations atomic energy commission were called into session today to re-open discussion of Russia's proposal to outlaw the production and use of atomic weapons immediately.
