ATOMIC HISTORY
In 1919 man first smashed the atom, in 1929 he first developed giant atom smashing machines and in 1939 discovered the nuclear fission secret of Uranium 235.

ANIMAL RADAR
Bats find their way in the dark by sensing the echoes of their own shrill, super-sonic screams—a system akin to radar.

Returning Service Personnel Records Are Being Sought

The Daily News is anxious to completely record the arrival of all service men and women returning home from the war. Accordingly, it is requested that information be made available to this office regarding the date of arrival home, the service with which the veteran has been identified, in what theatres of war, if wounded, ill, etc. If inconvenient to call at the office, the information may be written or telephoned in. Pictures would be particularly welcome. Street and Postal addresses and telephone numbers are also requested.

SHORT SPORT

Max Schmeling's chances of meeting Jimmy Braddock for the world's heavyweight boxing championship exploded nine years ago last night when the Irishman signed to meet Joe Louis. Braddock had contracted to meet Schmeling, victor over Louis, but an offer of \$500,000 with an option of 50 per cent of the gate for the Louis bout changed his mind. Louis won the title.
Twenty-two years ago today the first goal was scored against a Canadian team in Olympic competition. Great Britain scored two goals in the 1924 Olympic match at Chamonix, Switzerland. But the Granites, the Canadian team on that occasion, won 19-2 and clinched the world title the following day.

PRINCE RUPERT SKI TRAILS

(By A. A.)
It is best not to dampen the enthusiasm of prospective skiers but, until the ski club is able to secure accommodation, it is not advisable to climb Mt. Hays. It was hoped that one building might be made available until final disposition of the Army camp is known. However, that is not possible at present so it is necessary for anyone going skiing to spend all day in the open without the welcome break provided by a cup of coffee in a warm shelter. As soon as accommodation of any description is available it will be announced in this column.

In spite of these conditions, nine enthusiasts were out last Sunday to run the fast powder snow that blanketed the slopes. Paul Swoom, former Vancouver Ski Club member noted for his downhill and jumping form, was running an impromptu instruction class and had the boys weaving down a packed surface practising plows, stems, christies and an occasional slizmark. Paul says that skiing conditions here are comparable to any that Vancouver has to offer and the ground is more readily accessible. It is perhaps a shade more difficult for a novice because beginners' slopes have not yet been picked out and a short cross country run is necessary to reach the best downhill and slalom courses.

Short Runs—Bob Eby caught that "shiner" when he set out to make a speed record. One of those snow gremlins crossed his skis so he used his head and set a new record for plowing—Dunc McRae had just finished making some extravagant claims for his laminated skis when he took a run and landed in a heap with a split ski. Fortunately, the break wasn't too bad and he was able to keep on with his skiing for the rest of the day and can get the ski repaired.

Camera fans were wishing color film was available so that the brilliant effect of the sunset could have been captured. The weather alternated between fog and sunshine all during the afternoon. Art Hardwick and Eileen Winskill had a busy time fanning a fire on top of the snow and it finally produced some hot coffee. Pete Husoy, Don Eby, Bud Timmermeister and Alan Armstrong made up the remainder of the crowd.

Fig Tree Recalls Aussie Pioneers

SYDNEY, Australia (P) — A giant fig tree in the Mullumbimby district of New South Wales must never be destroyed, according to a direction in the will of the late J. T. Gray, former owner of the property on which the tree stands.
The tree, a link with the historic pioneering days, is fenced off in about an eighth of an acre of valuable land at the foot of a 4 1/2-acre patch of bananas. Present holder of the banana plantation paid \$3,384 for a six-year lease with option of renewal for a further five years. This is probably a record figure for the Commonwealth.

At a brief ceremony in the city police station last night, Commissioner T. W. S. Parsons presented Constable M. L. McLeod with a silver tray on behalf of the Prince Rupert city detachment. Constable McLeod left last night for Alberni, Vancouver Island, where he has been transferred after four years' service with the city detachment here.

BEATEN BY THE SEA
(Continued from Page 1)
Ketchikan athlete who has pitched many a fast one by our baseballers in the last few years and who is able and willing to give a helping hand at handling the games tonight and tomorrow night.
Another boy who has shown here before in the role of an expert basketballer is skipper of the boat the boys are travelling on and he is Johnny Mills, undoubtedly the smartest player Ketchikan ever used against local teams prior to the war. Mills is a former College of the Pacific player and those College of the Pacific boys regularly gave our own U.B.C. lads a whipping while he played there. To round out the party is of course Mr. Leding whom you will all have a chance to meet on the air if you'd sooner sit home and take a chance on missing some real action.

Now a word about the Kayhi boys who are the headliners on the card. They are intact according to Coach Hannah and he doesn't elaborate. He admits that the trip down wasn't as it could have been but the boys have had a chance to rest up and have a workout on the large floor up on the Acropolis and they should show little effect from wear and tear when they take the floor. Close followers of the local Hi squad are wondering whether Hannah will use his usual zone system of defence in tonight's tussle and if so how effective it will be on the large floor but he has nothing to say on that score and that makes for smart coaching.

Statistics—Game time is for the seniors—7:30 and for the main event the Hi School game around 8:30. Games will be broadcast over C.F.P.R., that is the Hi School game each evening. A P.A. system has been installed at the gym so that the fans will know at all times just what is going on, and last but far from least will be the appearance of the Reserve Army band under the baton of Sgt. Peter Lien. You do not have to be a ticket-holder in order to gain admittance but you should get there in time if you wish to get the better seating. Incidentally this will be the first time that Prince Rupert fans will be able to sit anywhere in the gym and be able to see all of the play—all in all it looks like a big series and a big success for Alex Bill and his Rainmakers.
The Kay Hi lineup: R. Bell, A. Oversen, C. Graham, J. Abeggler, E. Anderes, P. Jeans, W. Dohm, C. Mazzoni, H. Mackerson, J. Brady, Coach—A. J. Hannah.

PICKETS TANGLE WITH POLICE—At least one striker left this electrical workers' picket line the hard way at U. S. Motors plant, Los Angeles. He is shown being carried by police officers who had orders to disperse the pickets. Hard to convince at first, this picket was finally impressed. Officers are wearing gas masks and the one at the right is holding a club.
