REDDY KILOWATT — Your Electric Servant

I don't have to be Hawkshaw
To know where you need light!
You want to have it handy
In the middle of the night . . .
And on the porch and stairways
Where lost toys may cause falls:
A good light will outline the steps
And show up toys or dolls!

When Dad picks up his paper
Or works with John or Jane,
A well-placed light helps save his sight
From weakness caused by strain.

And Mother with her housework,
The children at study or play,
Must all have proper lighting
Throughout the livelong day.

Better Light for Better Sight
Use white-lined shades.
Shade bare bulbs.
Wash bulbs and bowls regularly.
Place lamps properly.
Use right-size bulbs.
Place light source correct distance from work area.
