LOCAL BUSINESS CHANGES HANDS

William Stoller and W. F. Stone Take Over From Mrs. Annette Mansell

An interesting local business announcement today is that of the purchase of the Annette's Ladies Wear business by William Stoller and W. F. Stone from Mrs. Annette Mansell who is leaving next week for Victoria to make her future home after having been in business here for the past 20 years.

The store will be operated at the same location and the new proprietors announce that it will be their policy to maintain the same standard of service and lines of merchandise. They anticipate that goods will soon be available in much larger quantities and that there will be ample supplies for all demands.

ROTARY HAS QUIZ CONTEST

Rotary Club members found themselves bombarded with a series of profound enquiries at their weekly luncheon meeting Thursday afternoon as the entertainment committee sprang a quiz program on them. "What," they groaned, "is the nationa! anthem of Scotland?" Others of the 20 questions asked by the quizmaster were more easily answered. President James H Thompson was chairman, and the only guest was Capt. Alfred Bamford, who recently returned from overseas and is visiting his parents, Dr. and Mrs. R. C. Bam-

Mrs. William Anderson of Musgrave Place Passed Away During Night

Mrs. Margaret Anderson, wife of William Anderson, Musgrave Place, and esteemed resident of Prince Rupert for 25 years, passed away during the night at the Prince Rupert General Hospital She had suffered a stroke six weeks ago and on New Year's Eve had been removed to the hospital.

Mr. Vaughan-Yes. Mr. Hazen-And il units of working equipment.

Mr. Vaughan-That is right. Operating Railways In United States

It will be understood the

Grand Trunk Western referred to is a system operated in the United States between Detroit and Chicago and is a subsidiary to the C.N.R. just as the N.A.R. is a subsidiary to the C.N.R. and C.P.R. and we know the C.P.R. has taken on such consignments | BOX No. 997 of equipment as the occurrence arises for their own line and their subsidiary companies, many of which are in the U.S.A. Therefore is it reasonable for our northern people to wonder as to why our railway can't share in these consignments of rolling stock and equip our line up-todate so when the N.A.R. hands over a train loaded with wheat to the C.P.R. or C.N.R. the N.A.R. will receive credit for those cars while they are on the trip to the lakes or the Pacific and return and give our Mr. McArthur a chance to balance his rolling stock rentals as all railway systems do instead of Mr. Vaughan having the occasion to knock our country by spreading his one and one half million deficit on the records of the railway committee every year. At the same time Mr. Vaughan so lavishly purchased all kinds of motor power, passenger and freight equipment for his subsidiaries such as the Detroit. Winnipeg and Pacific, the Grand Trunk Western, The Vermont Central, The Grand Trunk New England, while the C.P.R. so faithfully looks after their subsidiaries such as the Spokane International, the entire Soo system, the Duluth South Shore and Pacific, the Boston & Maine and the Maine Central.

All these railways are below the 49th parallel and eperating in a country that is over-railroaded while we have a whole world waiting for a railway man to open it for civilization.
