Delayed Death

Three German SS
Officers Will Pay Extreme
Penalty
Germany (CP)—A
United States military court
yesterday sentenced 43
German SS troopers to death
for the slaughter
of American soldiers and
American civilians during the
battle of Ardennes.
The officers were committed
to Germany's last offen-
sive around the Christmas sea-
son of 1944.
The sentences, ranging up
to life, were given another 30
officers and men con-
demned last Thursday.
Joseph Pepper, who
was in the order that SS troops
were to take no prisoners, was
sentenced to die.

GAS, MISTAKEN FOR WATER SETS OFF BOAT BLAST

Poured into a tea kettle on a ship's galley stove, a can of gasoline, mistaken for water, resulted in an explosion which destroyed a small gillnet boat and sent three men to Port Simpson hospital suffering from burns at Port Simpson during the week-end. Names of the injured men or the boat were not available here today.
According to police report, the three men were aboard the gillnetter Sunday night when one of them entered the galley to make tea. Mistaking a can filled with gasoline for a similar can filled with water, the man poured the inflammable fluid on the stove. The resulting explosion severely burned the three men, and destroyed the vessel.

RUSS LOAN IS VAGUE

WASHINGTON (CP)—Russia probably will have to wait until next year at least for a loan even a fraction the size of the \$3,750,000,000 credit which Congress extended Saturday to Great Britain. The Kremlin is reportedly interested in borrowing about \$1,000,000,000 from the United States.
Little has been heard of the Russian loan since the United States some months ago notified Moscow of a willingness to discuss it provided Russia would agree to talk at the same time about her trade relations with the Balkans and other areas within the Soviet sphere of influence.

Average Sockeye Catch 30 Fish

A jump in Friday's sockeye catch to 50 fish per boat raised the week's average perboat to about 30 fish, it is reported. The daily catch earlier in the week was considerably lower.

Picketing Restrained

Injunction Granted in Supreme Court Against I.T.U.—Writs Served on Picketers

VANCOUVER—Injunction restraining the International Typographical Union from picketing the Vancouver Province building was granted the Supreme Court yesterday by Mr. Justice A. M. Harper in British Columbia Supreme Court yesterday. This injunction is effective until July 29 and will be continued if a case in which the Province is suing the union for damages is still unsettled at that time. The picketing must cease until it has been proven whether or not the I.T.U. strike against the Province is illegal or otherwise. "Picketing, watching or besetting" the Province is not to be permitted.
Writs have already been served on some of the picketers.
In spite of the injunction I.T.U. pickets remained posted during the night outside the Province office and today there was a demonstration of mass picketing against the injunction order as 300 members of the Marine Workers' and Boilermakers' Union joined the picket line for 15 minutes.
The International Typographical Union and three international agents were defendants in the Vancouver Province action.
Earlier yesterday Harry Finch, Canadian representative of the union, said all activities at the Province would be declared unfair if any attempt was made to produce the paper under "the same conditions as have been set up elsewhere by the Southam chain."

Byrnes Throws Challenge To Russia

ESPIONAGE IN CONTROL

WASHINGTON, D.C. (CP)—Attorney General Clark says the United States is "entirely on top of the situation and that, when sufficient evidence is found, prosecutions will start."
Mr. Clark issued a statement after reporters requested him to comment on the Canadian Royal Commission's final report on espionage.
United States authorities had been in communication with those of Canada during the investigation, Clark said.

THE WEATHER

Forecast
Prince Rupert, Queen Charlottes and North Coast—Overcast today and tonight, becoming cloudy over the Charlottes Wednesday afternoon. Intermittent rain this afternoon and tonight, ending before daybreak over the Charlottes and later over mainland area. Light winds becoming southeast by this afternoon and evening, becoming southwest 15 miles per hour over the Charlottes overnight. Little change in temperature.

LOOK TO EMBATTLED PALESTINE—AS LAND OF HOPE—Seething unrest grips Palestine amidst blown up bridges, kidnapped British officers, an entire city (Tel Aviv) cut off, and a search for hostages. Between British, Arab and Jew, Palestine is an armed camp. Yet look at the faces of some of these 450 refugees on the "ghost ship" Haviva Reik. As these Jewish refugees from many parts of war-torn Europe see the shoreline, the hope of a new life is mirrored in their faces. The sign says, "Keep the gates open, we are not the last." The ship broke down some distance out from the harbor and was pushed into the refugee quay with no crew aboard. On arrival at Haifa, four of the men aboard were taken into custody suspected of being members of the crew. Three others were taken to the hospital, as a result of privation on the nightmarish journey.

ANCHOVY FISHING

OTTAWA (CP)—Minister of Fisheries Bridges announces that, for the first time, purse-seine fishing for anchovies will be permitted for the next two months in part of Burrard Inlet near Vancouver in a move to serve the growing anchovy canning industry and determine future possibilities.
Seining licences will be issued for a portion of the inlet above the Second Narrows bridge, exclusive of Deep Cove, which remains closed to purse seine fishing, the minister said.
The British Columbia coast is the only part of Canada where anchovies are known to exist.

Talking On Palestine

Britain Insists on "All or Nothing" in Implementation of Anglo-American Commission Report

LONDON (CP)—British and American negotiators resumed talks on Palestine yesterday amid growing indications that Great Britain insists on all-or-nothing in implementation of the Anglo-American committee report.
Details of the talks were withheld under a new blackout imposed at Britain's request but Foreign Office sources made it plain that London would not recede from its view that admission of 100,000 Jews could not be considered separately from nine other recommendations in the report.

Bulletins

SALARIES RAISED

OTTAWA—Salary increases for deputy ministers and other senior government officials was announced here today.

STEEL PLANT RUNNING

HAMILTON—Despite the two-day-old strike of the steelworkers, production at the Steel Company of Canada plant here yesterday was two-thirds of its normal capacity. However, the plants at Sault Ste. Marie and at Sydney, N.S., are closed. Steel Company officials say that 2,000 men are remaining on the job at Hamilton.

LARGE AIRLINER

MONTREAL—Canada's largest commercial aircraft, a 40-passenger four-motor plane capable of a cruising speed of 325 miles an hour, will be christened at the week-end by Mrs. G. D. Howe. It will be used in TransCanada Airlines international service.

SEEK WAR SUPPLIES

BUENOS AIRES—The Argentine government has asked the Soviet government for German war materials. The request was made to the Soviet trade delegation at Buenos Aires and is being subjected to negotiation.

BOAT IS MISSING

VICTORIA—British Columbia police are assisting in a search for the fishing boat Johanna W. H. which left Seattle July 1 and was last reported off Destruction Cape near the north end of Vancouver Island.

SENTENCE COMMUTED

OTTAWA—Pie, John Merkle, convicted last April of the murder of a Netherlands airman, has had his death sentence commuted to life imprisonment.

Demands Soviet Co-operate Economically In Germany

WASHINGTON, D.C. (CP)—Secretary of State James Byrnes, following his return from the foreign ministers' conference at Paris, has warned Russia that she is creating "doubts and suspicions" by objecting to the German disarmament treaty and announced that the United States is acting immediately

HIS APPEAL IS REJECTED

General Mihailovic Expected To Be Shot at Dawn Tomorrow For German Collaboration

BELGRADE (CP)—General Mihailovic's appeal against the death sentence imposed yesterday was rejected today by the presidium of the Yugoslav national assembly. It is expected the bearded be-spectacled former Chetnik leader will be executed at dawn tomorrow.

Mihailovic, former Yugoslav minister of war and guerrilla leader, was convicted and sentenced to death for collaboration with the Germans and for other war crimes. The court ordered that he be executed by shooting.

LEGALIZING OF BUYER STRIKES

This Is Latest Move As United States Wrestles With Price Control

WASHINGTON, D.C. (CP)—Legislation to facilitate buyers' strikes on any goods which may jump above Office of Price Administration ceilings was plumped into the legislative hopper amid signs that some of the price agency's friends are giving up hope for revival of O.P.A. with powers they want.

Meanwhile Philip Murray, CIO president, told a congressional committee of "danger of widespread unrest" if prices get out of hand. He said that, if effective controls are not restored, there will be repercussions at the polls in the November elections. A showdown is expected to occur in the House of Representatives today on the new Senate bill that measure. President Truman said yesterday, "couldn't be worse," thus hunting at another veto unless legislation is revised.

to break down economic barriers in Germany with or without the aid of Moscow.

In a radio broadcast last night, Byrnes said: "Our military representatives will this week be instructed to co-operate with any one or all of the three governments (Britain, Russia and France) in essential administrative matters like finance, transportation, communication, trade and industry. We will either secure economic co-operation between the zones of German occupation or place the responsibility for violation of the Potsdam agreement."

K. E. McLeod (above) has taken over the duties of general passenger agent for the Canadian National Railways and Steamships in British Columbia, with office in Vancouver. He succeeds William Stapleton, recently appointed passenger traffic manager, western region, Winnipeg. Formerly district passenger agent for the C.N.R. in Vancouver, Mr. McLeod started his railway career in 1907. He is very well known in local transportation circles, having worked in this province since 1915. He is Honorary President of the Vancouver Passenger Men's Association.

MARINES HELD BY CHINESE

NANKING (CP)—Fighting flared in Manchuria and North China again as the country's sporadic peace negotiations were stifled by summer heat. Meanwhile, the United States Marine Corps headquarters in Peiping reported that seven marines were captured by a band of 80 armed Chinese north of Chinwangtao and held prisoner since Saturday.

AMERICANS RELEASED

United States Authorities Give Up Three Russians Whom They Had Held

BERLIN (CP)—Less than two hours after the Russians had released two Americans whom they had held incommunicado in the Soviet zone of Berlin for 15 days, United States Army headquarters announced today it was freeing three Russians who had been held on suspicion of espionage.
The two Americans, a warrant officer and his wife, were unharmed and stated that, for the most of the time, they had been well treated.

American authorities said that strenuous efforts were being made to effect the release of two other American officers, apparently held incommunicado by the Russians for almost two weeks.
