Revolt In Parliamentary Labor Party

Attlee is Facing Crisis On His Foreign Policy

Conflict Between American Capitalism and Russian Communism Feared

LONDON (CP)—At least thirteen more Labor members of Parliament today joined the "revolt" against the Attlee government, demanding a Socialist foreign policy to prevent what a resolution called otherwise inevitable conflict between American capitalism and Soviet communism. The number of dissidents is placed at fifty-seven and another report says that twenty Labor Members of Parliament are opposing the government over peacetime military conscription.

Makes Attack Upon Russia

Australian Delegate to United Nations Very Critical of Action in Exercising Veto

LAKE SUCCESS, New York (CP)—Australia today attacked the Soviet Union for invoking the big power veto 10 times and said these acts "stultified" the work of the United Nations security council. Charge was made that the Russian actions undermined confidence in the council and lessened its ability to deal effectively with matters before it. The Australian delegate, Paul Hasluck, called for complete review of the veto section which gives the big powers the right to block any major decision with a single vote. He said there must be a spirit of give-and-take among the permanent members themselves in the endeavor to achieve a measure of great power unanimity necessary for the smooth working of the council.

LARGE JEWISH BLACK MARKET IN D.P. CAMP

FRANKFURT (CP)—United States military police raided the Jewish displaced persons camp at Zellheim today and arrested eight men described as leaders of one of the biggest black market centres in Germany, operating in the camp.

The raid followed investigations which indicated that the camp, housing 4,000 homeless Jews, was the centre of large scale black market operations extending throughout the American occupation zone in Germany.

About 50 automobiles, several thousand dollars in military script and forbidden American and English money and hundreds of thousands of German marks were seized. No resistance was encountered.

BEER AND WINE TO GO ON AIR

OTTAWA (CP)—Davidson Duntton, chairman of the Canadian Broadcasting Corporation, said that recent change in broadcasting regulations would permit beer and wine companies to sponsor radio programs in provinces where laws are changed to permit advertising of beer and wine.

WATCHING LIVERPOOL

LONDON—Centre of attention in connection with special precautions being taken against threatened violence in Britain by Jewish terrorists turned to Liverpool today as the steamer Ascania arrived there, bringing one thousand Jews from Europe. An unconfirmed report said that a member of the so-called Stern Gang had been arrested in Liverpool.

Meanwhile the Daily Mail warned here that a building might be blown up. The arrest of a suspected Jewish Stern Gang associate as he tried to enter Scotland Yard was disclosed last night.

The metropolitan police commissioner issued a call for six thousand volunteers for part time service with his forces to grapple with increased crimes and security duties.

Police maintained a redoubled guard of the government buildings against threats of the Palestine underground groups to "carry the war into Britain."

Bulletins

MAY GRANT FRANCHISE WEST VANCOUVER—The British Columbia Electric Co. may take over West Vancouver's municipal transportation service. The municipal council has decided to present a bylaw at the municipal election December 14 which would accept an offer of \$200,000 from the company for the municipality's bus system with a twenty-year franchise. The inter-city ferry service would also be disposed of.

SCHOONER OVERDUE HALIFAX—A two-masted schooner, which left here for Newfoundland, is five days overdue and a widespread search has been commenced. There was a crew of five on board.

MONTGOMERY SAFE LONDON—A Jewish spokesman said today that the life of Field Marshal Montgomery was safe from Jewish terrorists.

BIG GOLD CARGO VANCOUVER—A two-million dollar shipment of gold bullion will pass through here Saturday enroute from San Francisco to Shanghai. It will be dispatched on the steamer Atlin Park.

GOVERNMENT OF FRANCE RESIGNS
PARIS (CP)—The French cabinet decided yesterday to resign formally following the election Sunday in which Communists were successful in winning the most seats in the new Legislature which will be organized after November 28.

FROM ARCTIC TO EDMONTON FOR TREATMENT—Though suffering burns over 70 per cent of his body, 14-year-old Donald Ayluk, gallant young Eskimo from Canada's Arctic, managed to summon a smile when the Bristol Freighter, British aircraft on this side of the Atlantic for a demonstration tour, rushed him to Edmonton from Yellowknife, northern gold mining centre. Donald was aboard a vessel in Cambridge Bay, 600 miles north of Yellowknife, when an explosion occurred. In spite of his own burns, the brave Eskimo held his brother and sister over the side of the boat in an effort to save them. Reports state father was killed in the explosion. Five weeks after he was taken to Yellowknife Donald lay in hospital there unable to be moved because of his injuries. The Bristol Freighter, which had made a demonstration freight flight to Yellowknife the previous day, rushed Donald to Edmonton, flying nearly all the 620 miles through icing clouds at 10,000 feet. In an Edmonton hospital Donald will be given a skin grafting. Picture shows him in the Bristol Freighter's hold just before being removed to an ambulance. At right is Frank Burrows, of Bristol, England, crew member of the Bristol Freighter. At left is George Pigeon, of Yellowknife.

TWO TRAINS ARE WAYLAI D

JERUSALEM (CP)—In addition to the ambushing of a "suicide patrol" on a railway line at Beit Safafa on the outskirts of Jerusalem when six police officers were killed, attackers believed to be Jewish extremists waylaid another train near Jaffa yesterday and wounded a fireman and Arab police guard. In both attacks explosives were buried between cross ties and electrically detonated.

Kraupner Files For Alderman

First break in the overcast which has shrouded the aldermanic side of the forthcoming civic elections came at noon today when Hugo Kraupner, local dry cleaning proprietor, announced that he intended to file nomination papers for alderman.

"I may or may not get in but at least my nomination will start the ball rolling," Mr. Kraupner told the Daily News.

"It will give a concrete start to the campaign."

Mr. Kraupner said that his sponsor would be Dr. W. S. Kergin but he was not sure who his seconder would be.

"I don't know just who my seconder will be at the moment," he commented, "but I will have one."

Mr. Kraupner declared that he would have no party connections but would run as a "definite" independent.

"I am leaving tonight for a business trip to Ocean Falls and Vancouver and will start my campaign immediately after I return on November 25," he said. "That will still leave me plenty of time for a good campaign."

PR. GEORGE TO ALASKA

Senator Magnuson Talks Of Railway Line Being Built

SEATTLE—Senator Warren Magnuson said here that he was authorized to intimate that the United States War Department approved of a railway to Alaska. It would go through Prince George to Teller via Fairbanks. Magnuson intimated that a "group of Canadians" were interested. This might imply the Canadian Pacific Railway and the Canadian National Railway acquiring joint ownership of the Pacific Great Eastern Railway. Interest has been displayed by Americans in the P.G.E. in the past.

WOULD HOLD DOWN RATES

WASHINGTON (CP)—Alaska steamship companies urged the Maritime Commission yesterday to dismiss an application for an increase in freight and passenger rates to Alaska and to recommend a government construction subsidy to replace ships of their lines which were lost during the war.

VICTORIA TRAGEDY

Double Murder and Suicide Appears Evident in Deaths of Mr. and Mrs. Lemieux and Family

VICTORIA (CP)—Bodies of John P. Lemieux, 25-year old former Canadian naval rating, his wife, Laura, 23, and two-year old daughter, Caroline May, were found Wednesday in their modest Doncaster Drive cottage. Police said it was apparently a case of double murder and suicide. All had been shot through the head and a shotgun was found in the blood-stained bedroom where the bodies were discovered. The little family had come here from the Fraser Valley.

STILL SEARCH FOR VICTIMS

BARODA, Mich. (CP)—Rescue workers are still searching the ruins of a consolidated school near here where a boiler explosion occurred yesterday, one sixteen-year-old boy being known dead while first reports said there were a "lot of casualties"—about forty pupils. Fifteen children and a teacher were reported injured and many were said to be trapped in the collapse of the two-room school. The search is being made to check on this.

Albania Would Order British Warships Away; Charges Made

BELGRADE (CP)—Albania today called on the United Nations to order withdrawal of British warships and minesweepers "from our north and territorial waters." The government alleged that up to twenty-three British warships entered Albanian waters on Wednesday "under pretext of clearing mines" and that they fired machine gun salvos into the air or into the water to create incidents. An Admiralty announcement in London said that twenty-two mines had been swept Wednesday between Albania and Corfu and some had been sunk by rifle fire. The mines were to be examined with a view to ascertaining where they came from and the Admiralty added that, if they were found to be Albanian, a "serious view" must be taken of the matter.

THE WEATHER

Synopsis
A surge of colder air is moving slowly southward over the province and is accompanied by snow flurries. Increasing cloudiness and drier air will prevent formation of fog in the Lower Mainland area tonight. Cloudier weather is expected over the whole of western Canada during the next few days. Temperatures in Alaska fell to nearly 30 below zero in some areas last night.

Forecast
Prince Rupert, North Coast, and Queen Charlottes—Cloudy with rain showers or snow flurries today and Friday. Winds southwest (10) today, becoming northwest (15) Friday. Colder. Minimums—Port Hardy 29, Massett 28, Prince Rupert 25. Maximums—Port Hardy 38, Massett 38, Prince Rupert 37.
