### U.N.O. Security Council

With the question of Iran still on the list for consideration and promising to provide discussion in one way or another although developments of the last few hours would appear to indicate a satisfactory settlement might be in process of arrangement, the United Nations Organization security council session gets under way in New York today and it promises to be a momentous session although possibly not as critical as

Spain rather than by coercive methods as would be implied by intervention by U.N.O.

Iran and Spain are only two of the situations which will command attention as this important international meeting opens today.

#### Food, Our Best Defence

Common sense tells us that the people of the world will keep fighting until they are fed. Of the two billion people in the world, two-thirds are hungry, half of these are starving.

The enemy they know is famine. The friend they seek is food. The quantity of food required to restore the minds and bodies of the hungry, and to bring order to the world, far exceeds any potential timely supply.

When the hungry are fed they may begin to pay us; in goods and services perhaps; in goodwill; in peace. In the name of peace we

# DR. CARTER FOR JAPAN

Former Prince Rupert Man to Join Commission Probing **Fisheries** There

Dr. Neal Carter, director of the Pacific Fisheries Experimental Station at Vancouver and formerly of Prince Rupert may go to Japan shortly to represent the Fisheries Research Board of Canada and the Canadian fishing industry on United States Commission now investigating fishing and canning operations of Japan. Dr Carter has been nominated for the mission by the fishing industry and the nomination expected to be confirmed by the Fisheries Research Board.

Cultural facilities are another need in Prince Rupert but these, I feel sure, would naturally follow if we had a larger taxpaying population. Our recreational centre is already a great asset and various sports are well organized.
