Canada Savings Bonds

'WHAT IS BETTER THAN CASH?'

Canada Savings Bonds are the answer! Think it over and you'll agree. They have the advantages of ready money because you can turn them into cash at any time—with no delay—at any branch in Canada of any chartered bank. They are better than cash because they make money for you— $2\frac{3}{4}\%$ interest each year for 10 years. They provide a convenient way to save money -you can't dribble your savings away in small sums when they are invested in Canada Savings Bonds. And the money you put in Canada Savings Bonds can't be lost because your bonds will be registered in your name.

You can buy Canada Savings Bonds in convenient units of \$50, \$100, \$500 and \$1,000. You may buy up to \$2,000 per person.

How to buy:—You can buy them through any bank, authorized investment dealer, stock broker, trust or loan company—for cash or by the monthly Savings Plan. Where your employer offers a Payroll Savings Plan you can buy Canada Savings Bonds by regular deductions from your pay.

But please remember this point—These are "Serve Yourself" Bonds. This time there are fewer salesmen. They will not be able to call on everyone. So it's up to you to take advantage of this fine investment opportunity—without delay!
