VANCOUVER IS TITLE WINNER

Won Third Straight Game From Winnipeg for Women's Senior Basketball Title

WENNIPEG, (P)—The Vancouver Hedlunds hold the title of the Canadian senior women's basketball. They defeated Winnipeg Pegs 41-26 in the third game of a best-of-five series last night. The contest was actually the Western Canada senior women's championship but as there was no Eastern challenge, the Hedlunds hold the Dominion title.

Ottawa Coach Not Returning

OTTAWA, (P)—The former Rough Rider coach, Ross Trimble has turned down an offer to return to the Ottawa club for this season. It is said that Trimble was unable to accept because of pressure of business in Toronto. Trimble coached the Rough Riders in three eastern championships in his six seasons with the Ottawa team.

COURT FIGHT FOR BOMBER

Joe Louis to Answer Suit for \$10,500 for Attorney's Fees

NEW YORK, (P)—Just six days after Joe Louis fights with Billy Conn, the heavyweight champ will appear in Circuit Court. On June 25 Louis will answer a suit asking \$10,500 for attorney's fees. The suit is filed by Attorney Bindley Cyrus who claims the money is due him for services rendered to Mrs. Louis in her divorce suit which was filed in July, 1941.

Legion Boxing Card Postponed

The Canadian Legion boxing tournament, scheduled to be held May 23, has been postponed until June 13, according to James Nicoll, fight committee chairman. Departure of the star welterweight, Len Hitchens, on a business trip to Vancouver has made the postponement necessary. Hitchens is lined up to fight Billy McDonald of Vancouver in the feature bout and already is in training. Some 20 other local fighters are also in training under the tutelage of ring veteran Benny Windle in preparation for the card.

MAY WITHDRAW CANUCK HORSE

Already One Entry is Out of Classic Scheduled for Saturday

CHURCHILL DOWNS, (P)—Another horse has been withdrawn from the Kentucky Derby list. "In Earnest"—an eight-to-one winter book favorite—is losing weight and has been officially declared out of Saturday's race. Meanwhile, Canadian horse-lovers are afraid the Dominion's one entry in the great race may be withdrawn. Wee Admiral will not go to the post if the track is muddy or sloppy on Saturday.

Smiles

We know a man who divorced his wife because she was getting indifferent—getting in different men's arms.

He: "If you don't kiss me goodnight, I'll go out and get drunk."
She: Goodnight. Sleep tight."

Banker: "We can only allow you three days of grace."
Borrower: "O.K., send her around."

ACCUSED SOVIET SPY AND DEFENCE STAFF—Lieut. Nicolai G. Redin (centre), Soviet naval officer, who was arrested by U.S. officials on espionage charges, is shown conferring with his attorney, Irvin Goodman (seated) of Portland, after protesting his innocence in a hearing before a U.S. commissioner. Two Soviet officials who will aid in defending the accused officer are Konstantin A. Eremov (left), Soviet vice-consul in San Francisco, and Michael S. Vavilov (right), Soviet consul-general in San Francisco. Redin will be taken to Seattle for trial.

HOUSES FROM WAR PLANES

Aircraft Factories in Britain Use Aluminum Scrap For Homes

TURNBRIDGE WELLS, Eng. (P)—Forty little yellow and green painted aluminum bungalows, each in three pre-fabricated sections, and guaranteed not to blow away, have been put down like dolls' houses near the old world Regency buildings of Turnbridge Wells.

They are some of the first of 54,500 temporary aluminum houses which are to be made by four leading aircraft factories from 700,000 tons of scrap aluminum, much of it in crashed British and German aircraft.

By November it is hoped that the assembly lines of the Bristol Aeroplane Company, Blackburn Aircraft, Armstrong Vickers and the Hawksley Aircraft Company will be turning out homes instead of bombers at the rate of 1,250 a week.

"That means one house will be leaving a factory every three minutes," said Wilfred Greville Collins, go-getting director of Prefabricated Construction, Ltd., who as president of the wartime Aircraft Industry Research Organization on Housing conceived the temporary aluminum house in 1941. "We can erect it in

three-quarters of an hour."

"We'd lived 40 years in our cottage, until the buzz bomb got us," said Mrs. Ellen Huggett, 70-year old grandmother, the first to move into an aluminum house with her daughter and grandson. She proudly showed off the kitchen, with its all-aluminum built-in cupboards, modern gas range, and boiler for washing.

"We've never had anything but an outside lavatory, and no hot water. This is going to be wonderful."

To plumbing-conscious Americans the bathroom in the alu-

minum house would seem nothing out of the ordinary, but to Mrs. Huggett and thousands of Englishwomen like here, it is the height of luxury.

The house rents to Mrs. Huggett at \$2.42 a week plus 80 cents taxes. But the cost to the government, according to a White Paper on the housing situation, has proved to be \$5,460 per house, instead of an estimated \$2,744.

LONDON, (P)—Because of feed shortage the International Horse Show at White City, London, in June will not accept competitors from abroad.

What's In It?

WELL, a food chemist would say... almost butterfat, about 6% protein, about 10% sugar, about 2% minerals... and that's fully the amounts you would find in regular milk. Carnation Milk is regular pasteurized milk with enough of the natural water taken out to double its food values. And it has a big extra share "sunshine" vitamin D. So whenever you use more food value, use Carnation as it pours from the can; for regular milk use, add an equal quantity of water. Carnation is Canada's largest brand of evaporated milk.
