IS PROMISING United States Public Health Service to Give Widespread

Study to "BCG"

VOL. XXXV, No. 254.

WASHINGTON, D.C., (P - The Jnited States Public Health Service says that a new tuberculosis vaccine appears to "confer increased resistance" to the disease and will be given widespread study in the United

The vaccine is known as "BCG" and is described as the most promising of several that have been tried.

Fournier Replies To Radio Appeal

A reply to a wire sent by the Prince Rupert Kinsmen Club on October 25 to federal Public Works Minister Hon. Alphonse Fournier urging that commercial network programs be broadcast over station CFPR was received Tuesday afternoon by Kin President R. E. Montador. The brief message read: "Negotiations between my department and the Canadian Broadcasting Corporation regarding the circhits are under way."

PICKETS TAKE DOWN TENTS AS STELCO TRIKE ENDS AFTER 81 DAYS-The 81-day-old steel strike in Hamilton, Ont., came to an end when the last picket line across Wilcox St. entrance was dispersed by union officials. Almost immediately pickets began taking down the tents erected outside the Steel Co. of Canada plant. Tents, chairs and tables from the picket-line headquarters were loaded on a truck as picket lines broke up. Non-strikers were taken out of the plant by boat. Above photo shows pikets starting to take down the tents.
