When you Buy a Watch From Us...

There are several main advantages to you over getting it away from home.

If the watch doesn't come up to your expectations, why you always know where to come to have the trouble adjusted.

If it's the watch's fault we are here to make it right with you.

Also we have an electronic watch regulating machine which will tell before you take the watch whether it is o.k.

Watch prices are as low here as anywhere because the ceiling applies all over Canada.
