#### Plenty of Moose For B.C. Hunters

KAMLOOPS-Fears expressed by hunters that last year's kill of moose in British Columbia was too great were set at rest by James Hatter, University of British Columbia biologist, in a report to the game department.

He said the heavily-hunted sections of the Cariboo area need the present high rate of kill and that outlying sections suffer dangerously from rapid increase and light kill.

## Lighter Side

The minister was imploring an old man to repent his sins.

"Well," said the old sinner, "if you will answer me one question, I will come to church." "And what is the question?"

"Who was Cain's wife?"

"My friend," replied the minister, "you will never be able to embrace religion until you stop P.N. Kilborn bothering yourself about other men's wives."

Tourist: "Your son just threw a rock at me."

Farmer: "Did he hit you?" Tourist: "No."

Farmer: "Well, then he wasn't my boy."

"What are you looking for, darling?" called the wife, as she call M. SAUNDERS about in the kitchen.

"Nothin', just nothin'," was the reply.

"Then you'll find it in the bottle where the whisky used to be," was the cheer'ur reply.
