CAGE PALESTINE SETTLERS IN SEARCH FOR WORKSHOP RAIDERS—Terror still stalks the holy land. British train their weapons on a barbed wire cage erected hastily in an empty plot in Rehov Herzl, Palestine. In the cage are all the male inhabitants of the township of 10,000. They were screened for identification, as British searched for the 50 men who attacked the R.E.M.E. workshops at the Levant fair grounds the previous week. Through bloodstained bandages the trail has been picked up by police near the seven mills on the Yarkon River and police followed it to the vicinity of Rehov Herzl.
