Assails Trieste

PARIS (CP)—Foreign Minister Molotov of Russia assailed the Italian peace treaty draft plan for the future free state of Trieste as "undemocratic" and a means of keeping a strategic Adriatic area under British - American

He said Trieste would be a semi-enemy supervised territory under the control of Anglo-American forces.

Molotov claimed the presence of British and American forces in Trieste was responsible for present trouble. He called for the setting of a definite date for their withdrawal.

It is reported here that this demand had been rejected by, the two nations.

Curtew in Palestine

Terrorists Spreading Land Mines on Main Roads

JERUSALEM (CP)—British military authorities clamped a strict house curfew on Jerusalem suburbs and on two Jewish border settlements today after a mine explosion killed two soldiers and wounded an officer and two other occupants of an army truck.

A possible attempt on the lives of Sir Alan Cunningham, British High Commissioner for Palestine, and other officials, was seen in the discovery of five unexploded mines on the road to government houses.

An unsuccessful attempt was a troop train near Tel Aviv. A search by British soldiers uncovered caches of 84 land mines and arms.

RUSSIA HAS EYE ON ISLANDS OFF FORMOSA COAST

the Hellenes is back in Athens and the palace staff is busy furnishing the royal palace for his use. The palace, over-U. S. Merchandise looking Constitution Square, in Athens, is a modern, simple building, devoid of both historical or artistic interest. The interior, however, is being arranged in fitting style, as shown in this exclusive photo. Palace servants are shown carrying the king's portrait up the marble staircase to a reception room.

Eastern Delegates Rebuff Brief a troop train near Tel Aviv. On the Research by British soldiers Urging Use of Prince Rupert Port

WINNIPEG - British Columbia and Alberta meat and an acute shortage of US IN TRUAT members of the resolution committee of the annual sugar. Reports were received of convention of the Chamber of Commerce of Canada to capture scarce items in some were outweighed by eastern Canada members Tues- areas. day night when the committee threw out a resolution urging fullest use of the port facilities at Prince bribing a butcher with gifts.

The resolution was presented by G. A. Hunter, Prince Rupert delegate, and won the fullest support from delegates from Edmonton, Calgary, Vancouver, Vancouver Island and the Peace

EAST TOO STRONG

Reg. Rose, executive secretary of the Vancouver Board of Trade, backed the resolution.

However, a solid front of eastern Canadian delegates, outnumbering the westerners, opposed inclusion of the resolution in the business of the convention.

The resolution urged that a careful study of Prince Rupert's port facilities be made by the federal Department of Trade and Commerce with a view to employing them to their fullest capacity to relieve the congestion at other ports which is retarding the flow of Canadian food and other essential products to Europe's devastated countries.

Nevertheless, the Prince Rup- to equip and maintain an air ert Chamber of Commerce reso- force capable of carrying out lution, despite its rebuff at the assignments to any point in the hands of the easterners, did not world. fall entirely on barren ground.
