

### P.-T. MEET AT CIVIC CENTRE

To Gather There in Future—  
New School Question Again  
Considered

The regular monthly meeting of the Prince Rupert Parent-Teachers' Association was held Wednesday night in the upstairs lounge of the Civic Centre. Seats were later reserved for the members at the Pup-Rec display following the business meeting.

The meeting, presided over by J. C. Gilker, was addressed briefly by Don Forward, who welcomed the P.-T. A. and extended an invitation to the Association to hold its meetings at the Civic Centre in the future.

The Treasurer's report, read by Mrs. Insulander, showed a balance of \$432.50.

Mrs. E. W. Becker was elected as delegate to the convention of the British Columbia Parent-Teachers' Federation to be held in Vancouver at Easter.

#### Reports On School Plans

Mrs. G. A. Hill reported on a recent special executive meeting, held for the purpose of formulating concrete suggestions on Prince Rupert's school building needs, these to be sent to the city council and school board. The meeting decided that the most immediate need is for a new Junior-Senior High School with Booth Memorial School replacing King Edward as an elementary school. Several possible

sites were suggested and a committee formed to examine and report on the possibilities. The three sites seriously considered were:

The present King Edward School site, to be enlarged eastward across Green Street to the depth of three or four lots, the building to be located at the eastern end and the rest of the area for playing fields. This site was felt to be central enough but cramped for size.

Acropolis Hill: the school to be built on the site occupied by the old exhibition building with all available surrounding land to be laid out for school grounds, and the large public playing field to be accessible for High School when not otherwise in use.

All four corners of McBride Street and Sixth Avenue, those streets to be re-routed. This site, it was felt by the committee, would be excellent from the point of view of convenient and central location, and level, but it was hardly hoped that such a concession as the re-routing of the two main streets would be given.

Several other sites, considered less desirable by the committee, were also examined.

The site committee consisting of W. W. C. O'Neill, Mrs. E. W. Becker, Mrs. G. A. Hill and Mrs. Black was thanked by the president, J. C. Gilker.

A vote of thanks was also tendered the Civic Centre man-

### Whifflets From The Waterfront

C.P.R. steamer Princess Norah, Capt. P. L. Leslie, arrived in port at 8:30 this morning north-bound for the Alaska ports and sailed again shortly before noon. She carried 113 passengers, many of them Canadians returning to the Yukon for the opening of the season. Only one passenger disembarked at Prince Rupert.

### Australian Horse Still Works at 51

MELBOURNE, Australia (P)—Australia claims to have the oldest horse still working in the world. He is Nigger, a 51-year-old horse owned by John Croker of Footercay, suburb of Melbourne. Nigger does light work around building jobs. Mr. Croker, who bought Nigger in 1895, said the horse who spent his first 17 years pulling a butcher cart, was then put into a timber lorry. Mr. Croker attributes Nigger's long life to a special diet of chaff and charcoal. The charcoal, Mr. Croker says, purifies the blood and kills worms.

agement for the evening's hospitality. The meeting then adjourned to the Auditorium where the Pup-Rec display was heartily enjoyed and applauded.
