

CIVIC CENTRE DIRECTOR ALREADY PREPARING FOR FALL AND WINTER

New Badminton Courts Being Marked Out—Full Program of Seasonal Activities

Already the executive director of the Civic Centre is busy preparing for fall and winter activities. It is this ahead-of-time preparation that makes for smooth running of later activities.

New badminton courts are being marked out. The gymnasium on Roosevelt Park is being conditioned for lacrosse too. Lighting is being brought into conformance with city regulations.

To these people "behind the scenes" the city owes a debt.

Organization Important

It is only as one maintains a close contact with sport and its supporters that he realizes how much goes on behind the scenes and how much depends on what goes on behind the scenes.

Take for example the organizing of leagues. Schedules are drawn up. But that is the easiest part. The important thing is to see that the schedules are carried out. This means that the fixtures must be made public.

It also means that the captain of each team sees that his, or her, players are advised, and that they turn out when the games are to be played. Finally it means that each player must know when the team is to play and then must be on hand.

The executive is also charged with the responsibility of seeing that the equipment is on hand. This is most important. It is often a thankless task for it entails getting the equipment, taking it to the playing field and then collecting it after the games. In these times it may be particularly trying.

This matter came up in course of a talk with the executive director of the Civic Centre recently. In some lines of sport it is quite impossible to obtain equipment for the simple reason that it is not available. The shortage is not only city-wide, it is Dominion-wide. Fastballs, baseballs, basketballs, lacrosse sticks are all in short supply. Rubber goods will probably be even more difficult to obtain and that means bladders for basketballs, footballs and volleyballs.

Here again the manager has a big job "behind the scenes". He has to see that when the equipment is available it is checked before and after the game. Balls lost during a game should be returned by any who find them. In baseball, the local association is up against the same problem.

SHORT SPORT

You probably never heard of

W. J. (Bill) Power unless you're

a sport-minded olderster of more

than three decades who can re-

call the football rollickings of

the mighty Ottawa Rough Rid-

ers of the 1890's, and the "world

lacrosse championship" the Ot-

tawa Capitals won in that dim

past. Bill is an Irishman from

County Antrim who came to

Canada in 1885 and became a

newspaper printer at Ottawa,

got married and went west. He

produced a couple of hockey

playing sons who cut quite an

ice caper in their day too, but

it was all so long ago. The sons

now are middle-aged and W. J.

is closing on 76.

Slater pitched good ball but

Grotto scored twice when in try-

ing to get runners between third

and home the ball was thrown

wide. Runs for Co-op were scored
