WHAT DOES RUPERT NEED? WILL YOU GIVE YOUR VIEWS?

There is much discussion these days of problems and difficulties which face Prince Rupert in its postwar development and prosperity and what solutions might be devised towards solving these problems.

Many of these problems have been discussed in the Daily News from time to time but this newspaper is anxious to obtain some new and constructive ideas and, therefore, we are inviting our readers to express their views on the subject of

WHAT PRINCE RUPERT NEEDS TODAY?

You are invited to enunciate what you consider Prince Rupert's needs and to write a concise answer as to how best that need might be solved.

The articles will be published (with or without the names of the authors, according to wish of the writers). They will be judged impartially on the primary basis of value of subject matter although conciseness, style and legibility will also count.

Mayor H. M. Daggett and W. M. Watts have consented to assist the Daily News in the judging.

There will be six prizes:

First, \$10 in cash. Second, \$5 in cash. Third, \$2.50 in cash.

And three six-month subscriptions to the Daily News.

The contest will close March 15. Old and young alike are asked to submit articles.

The primary purpose is, of course, not to win prizes but to bring forward suggestions which may prove useful in forwarding the development of Prince Rupert.
