## RUN AGAIN

**Expects to Again Contest** Mayoralty at December Election

Mayor H. M. Daggett, questioned this morning by the Daily News, intimated that he would probably have a definate announcement to make next week in regard to his intentions in connection with next year's mayoralty. The mayor intimated that he would probably be in the field again.

ALWAYS READY FOR HER MEALS

CCIENCE has proved there are certain food elements everyone needs for health. If there aren't enough of them in a child's food, serious things can happen—such as loss of appetite, stunted growth, soft bones, poor teeth, faulty nerves, defective eyesight.

Ovaltine supplements the diet with elements frequently deficient in ordinary foods. Three servings of Ovaltine furnish a significant portion of a child's daily requirements of Vitamins A, B<sub>1</sub>, C, D, Riboflavin (B<sub>2</sub>), and Niacin and Minerals Calcium, Phosphorus and Iron.

In addition it provides the basic food substances-complete proteins to build muscle, nerve and body cells -high-energy foods for vitality and endurance. It thus acts as an insurance against food deficiencies that retard normal growth. So if your child eats poorly, is thin,

underpar, perhaps nervous, why not try delicious Ovaltine for normal growth and better appetite. OVALTINE 38
