Prince Rupert Rehabilitation . . .

The Prince Rupert Chamber of Commerce, Canadian Legion and Rotary Club are to be congratulated on starting the movement which culminated this Tuesday night in the organization of the Prince Rupert Rehabilitation Council, one of the principal functions of which will be to prepare this community for the return home of the men who have been fighting the war, particularly those who have been serving on the battlefronts but also for those who have been on the war industries and who may have to be assisted in readjusting themselves in peacetime pur-

Committees will be formed to survey the principal fields of employment such as the industries to ascertain their capacity to provide employment. The possibility of establishment of new industries here in connection with the handling, processing and distribution of the natural products which abound so richly in the district will have to be investigated.

The newly organized local council will have the opportunity to do much not only in assisting in the rehabilitation of men and women in their readjustment after the war but in exploring the possibilities of opening new fields of employment here - all of which would be of benefit to the whole economy of the community.

The success or otherwise of the effort will depend to large extent on the accomplishments of those who will be assigned to the various committees. Care should be taken to see that the most competent persons in the community should be called upon to conduct the various surveys and make recommendations arising therefrom.

BUY VICTORY BONDS

Buying Bonds to the utmost is nothing to what our men are doing overseas for us.

Back them up and assure that they want for nothing in the fight for freedom.

BULKILEY MARKET

THE NEED IS GREATER

For total victory he fights a total war. For nothing less will he lay down his arms. For your sake he's willing to gamble on coming through alive. Whether he does or not is decidedly your affair . . .

The imminence of victory has climaxed the responsibilities of the home front. Canada's borrowing needs today are greater, not less. To see the uniformed services get all they need to win with minimum losses, is still our biggest job.

NOW is the hour to buy Victory Bondsone more than before!

Huge Potatoes Produced By Mrs. Fisher at Smithers Farm

SMITHERS, Oct. 26-Some or \$4.00 the largest potatoes ever seen in this district are on display a number of other smaller ones in the window of L. H. Kenney's real estate office. ... over and above the call of dutu

THE night of August 6th, Canadian and British destroyers patrolling the coast of France, opened fire on a seven-ship German convoy escaping from St. Nazaire.

he had escaped . . .

All seven German ships were sunk, but a gun turret on H.M.C.S. HAIDA suffered a direct hit. Through searing flame and blinding smoke, Able Seaman Michael Kerwin staggered to safety. Then, though wounded and burned, fought his way back through the blazing inferno to rescue a shipmate.

Who can read of such heroism without quickened heartbeat, a feeling of pride, that this is a man of Canada . . . one of the hundreds of thousands who are daily risking their lives . . . on sea, on land, and in the air?

These fighting men of Canada, and thousands of women too, look to us at home to support their efforts until the very last shot is fired. Though the part we play is small in comparison, can any one of us turn our backs on them and say, "I've done my share—you don't need my help."

They do need your help-and the more you help, the quicker they can get their dangerous part of the job over with and be back home again.

Every dollar you invest in Victory Bonds is helping a fighting man. At the same time, every dollar you invest in Victory Bonds is helping you to create a nest-egg of savings for the future.
