To the Health Seeker

Perhaps, a "Belief" exists that "everything has been tried and failed"? Has "faith" subsided to the low ebb of accepting as a fact, the belief that a disease is incurable? Meanwhile, a vague misgiving persists that: Somehow, somewhere there must be an answer to incurability.

Chiropractically, the greatest handicap to health restoration is: So many cherish a traditional faith or belief to the bitter end. Meantime, a simple disease descends into an indefinite and complicated realm of incur-ABILITY. Thus faith and belief hinders, and denies, the natural self-cURABILITY within themselves the rightful duty to remedy (meaning: to cure again).

Such statements, of disease, special or general are verified by an exhaustive survey. Over 93,000 persons turned, when disillusioned and disappointed, to Chiropractic (Nature) as a LAST resort.

Some 410 qualified Chiropractors raised no question as to the merits of faith, belief or, the competency of any remedy, to cure again. Nature had preordained that everything was incorporated within. Nature's OWN Remedy substituted incur-ABILITY for cure or marked improvement in 79,000 cases; or, 85% of tiresome, intangible disease names.

A critical reader may question this astonishing record. For the needy there are two basic considerations: The belief that a condition is obstinately incurable as, against the Chiropractic record with thousands of varied, incurable cases. Both cannot be right.

When faith and belief fails to move mountains, Mahomet must go to the mountain. Possibly, the earnest Health Seeker discerns, by the mountainous record, that everything has not been tried; that, high odds yet remain in his favor.

As Mahomet would resolve: If Chiropractic eventually, why not . . . NOW!

ACTIVITIES OF Y.M.C.A. AND Y.W.C.A.

By DOROTHY GARBUTT

Claude Wilkins, who was stationed in Rupert so long he never did think he would get away, is now overseas and writes often. His last letter is particularly interesting. He says:
"Dear Ma — Just a few lines saying, 'Hello.' Hope you have had a nice Christmas. I saw Ken Holt of the Signals over here. He's O.K. Also saw Bill Hobbs of the R.C.E. His dad and mother live in Rupert. His dad's a sergeant in the R.C.E. I had a swell Christmas dinner here at camp and also went to the Y.M.C.A. theatre and saw a Christmas Carol. (Don't you mean pantomime, Claude?) Then I had sandwiches and coffee on the house. Gee, everyone is so swell to us guys here we find ourselves wondering why we are ever wanting to go back. This country is tops and I'm having the time of my life and expect to see more country soon. Tell all the gang at Area H.Q. to get a move on and get over here. Do you ever see Don Tinnie (It may be Tommie, as Claude's writing is out of this world) and the boys at Area Camp? Well, so much for now. All the luck and stuff and hope you keep up the good work. I would appreciate a few P.R. folks dropping me a line. Yours as always, Claude Wilkins."
Claude's address is K 16084, Pte. C. R. Wilkins, No. 1 CASC, R.U.C.W., C.A.O.S. So any of you who remember him—a jolly, robust, brown eyed boy with a smile forever on his face—do write him. I like his spirit.

The Eleventh Ave. camp is holding its regular fortnightly dance tomorrow night. Junior hostesses and associated groups are invited and will meet at the 'Y' as usual. Chaperones will be Mrs. S. A. Keilback and Mrs. Garbutt. A word to you boys who come with the cars for us! How about bringing a wooden box or a chair to step on when getting into those trucks. Some of us aren't so young or such lightweights as we would like to be and, moreover, as you boys are the ones who bear the full weight of us when you help us down. I would think you'd have done something about it long before this.

Thursday afternoon the Service Wives Club will meet in the Ladies Lounge at the 'Y'. There are some curtains to be finished and (of all things) a dog jacket to be knit or sewn. Have any of you patterns for a knitted dog jacket? If so will you bring them? This jacket is to be for the canine mascot of one of the patrol boats.

Wesley G. Clark, inspector of the Department of Labor with headquarters in Prince George, has been a visitor in the city for the past week on official duties and will be leaving Friday evening on his return to the interior.

CANOL OIL PROJECT

(Continued from Page 1)

Interest was not identical with that of the Canadian or United States Governments, the regulations under P.C. 742 were expanded to include all the Yukon Territory and the western part of the District of Mackenzie. Permissions have not been granted to others than the nominee of the United States Government, Imperial Oil Company, Limited, because of the desire not to put any obstacle in the way of development of oil resources for vital war needs and because of transportation difficulties in the area.

PRINCE RUPERT'S PART IN SCHEME

While the original Canol plan was designed to solve the problem of oil supply for Alaska and the Yukon if enemy action should interrupt tanker movement up the coast, the United States Government had the more immediate problem of establishing the quickest possible supply line under existing conditions to supplement tank car movement over the highway. In August, 1942, it proposed to the Canadian Government the building of a pipeline from Skagway, Alaska, 110 miles to Whitehorse, passing through British Columbia. To this proposition the Canadian Government agreed. Permission was also received to construct installations for storage and loading at Prince Rupert, British Columbia, from which point oil was to be moved by barge to Skagway through the inside passage. The pipeline from Skagway to Whitehorse has been operating for some time.

Two Recruits Enlist Here

Two new recruits to enlist through the Prince Rupert recruiting station for service in the Canadian Active Army are Alexander Storrie, 19, and Theodore Anderson, whose home is at Nelson.

Alexander Storrie was born in Prince Rupert and has been employed as a truck driver for the Fishermen's Co-operative. Theodore Anderson is a miner and has lately been working at Whitehorse.

Both left last night for Vancouver.
