Fine, Mild Weather, Isn't It?

Last winter was mild too, but don't be misled. Next winter may be as cold as 1942-1943, and, if it is, the man with the full coal bin will win.

WE CAN GUARANTEE DELIVERIES NOW BUT NOT NEXT WINTER

Fill up your coal bins with Foothills Lump, Egg or Nut, and Bulkley Valley for furnace heating.

Military And Not Osculatory Salute Is Given

A soldier and a member of the Signal Corps, was recently married in Vancouver to the girl of his dreams, which in itself is nothing unusual, but an incident arising out the ceremony is worth telling.

As is customary, at the completion of the ceremony, the officiating padre instructed the soldier to "salute your bride."

To the astonishment and detook a regimental pace backlight of all present, the soldier ward and gave his bride the snappiest salute one ever saw and, even when everyone present began to howl with laughter, was he quite sure he had done no wrong.

ACTIVITIES OF Y.M.C.A. and Y.W.C.A.
(By Dorothy Garbutt)

The Service Wives' Club met Thursday afternoon in the Ladies' Lounge at the Y. There was a good attendance with ten ladies and ten children present, including several new members. Mrs. Sergeant won the raffle donated by Mrs. Gomez and Mrs. Toogood and Mrs. Rhodes served tea. The kiddies were all on their best behaviour. When I went to join the ladies for tea I could scarcely believe there were so many children there, they were so quiet. Must be the influence of the little girls!

Quite a few boys who have had East Coast and convoy service of several years are with us on the West Coast now, more or less as a rest for them. I have met several of them. One of them for three years had what they called "The Murmansk Run." That is he was on convoy duty to that famous little north Russian port and was of special service because he could speak Russian. Another youngster, only twenty-one now, limps a bit when he walks and he says a bit wistfully "my wounds interfere with my dancing a little. I find I can only waltz now—and I used to love to jitterbug." He showed me two great bullet holes in his left leg. He was in the water on the Atlantic for six hours and while there was machine gunned by the Jerries. His pal was with him in the water for the same time. When they were rescued—and only then—his pal was found to be minus his legs. The shock killed him. Another youngster, thin-faced and weary eyed, told me "People tell me I've seen too much for my age." They saved only eight of the crew on his ship. These boys are coming back to us, boys who know too much and have seen too much. Let us be ready for them. Let us offer them the gift of understanding. Don't ask them questions for the sake of hearing their stories but do listen sympathetically when they feel like talking.

On Parade...

1st (Reserve) Bn. Prince Rupert Regt. (M.G.)

The Battalion is unfortunate in that the greater part of its training must be carried out under cover but every cloud has a silver lining and this very fact has allowed a greater amount of time to be spent on basic training than would be the case if the weather were kinder and the ground were drier. If our lot was cast in more delectable countryside our thoughts would be turned to the more pleasant features of soldiering but only at the cost of the poor handling of weapons. At camp we expect to see the blue skies and firm earth and it is then that the steady grind which the boys have put in during the last eighteen months will show up to advantage.

Are the company commanders sure that all the men in their Company will have a good fitting pair of boots and that they will be in good repair before proceeding to camp?

The anti-aircraft platoon in the Headquarters Company is carrying on quietly and efficiently. We hope for an expansion in this department in the near future.

The soccer game last week was a case of light team and heavy field. It is sad but true the Machine Gunners met their defeat at the hands of the Navy. We have it on the authority of Trainer Graham that it won't happen again. The line-up for the game against the Signals tonight is as follows: Parsons (captain) Judge, Pavlikis, Cameron, McCullock, Rivers, Ronald, Evans, Parkhouse, Eby and Krause.

Strength increase: J. McLeod (C Coy.).

Promotions: Pte. D. J. Lippett to A/Cpl.

ANNUAL SUNSET

Even if the earth did not rotate at all on its own axis the sun would rise and set once during the year because of the earth's journey around it.

"Here's your magic wand for making milk!"

SAYS ELSIE: "It doesn't matter where you live—you can still have milk! Just add KLIM Powdered Milk to water, whisk with an egg-beater and presto! You have exactly the amount you need of creamy, nourishing milk for every purpose where milk is required."

More reasons why you'll like KLIM:

1 KLIM is pasteurized whole milk—powdered. Only the natural moisture has been removed. All the cream is left in.

2 KLIM keeps fresh indefinitely in its vacuum-sealed container. Even after opening, KLIM keeps fresh and sweet for a long time. (Be sure to replace lid tightly.)

3 KLIM is light, easy to carry. Saves space. Ready for immediate use. Just follow the simple directions printed on the can.

KLIM is a vital product required in large quantities for our fighting forces everywhere. Naturally the amount for civilian use is restricted. However—for infant feeding—if you have difficulty in getting a sufficient supply have your dealer get in touch with us.
