MAIN STREE [

HIS is Main Street somewhere in Europe.

These shattered buildings were once busy shops and offices.

The rubble-strewn sidewalks were once thronged with people. It will be a busy street again . . . someday:

The ravaged cities of Europe and Asia must be rebuilt. When V-Day comes the world will look to Canadian factories and farms for materials of reconstruction and repair, for food and clothing and household goods . . .

In the face of such a need, is it conceivable that we should have idle hands or minds in Canada after the war? Canada will be a busy place when Victory is won.
