TAKE IT FROM ME, YOU GET QUICKER, EASIER SHAVES WITH

BLUE GILLETTE BLADES

BILL CORUM
— Ace Reporter on Gillette's "Cavalcade of Sports" — says:

"YES, shaving's a cinch with the Blue Gillette Blade, because it has the sharpest edges ever produced! That's been proved by thousands of tests with Gillette's famous sharpness comparator which measures keenness with a beam of light!

"No other blade is as sharp, easy-shaving or long-lasting. It whisks off tough beard clean as a whistle — leaves your face feeling swell."

Build Fence or Take Down House

The city council, at its meeting this week, declined to support the board of school trustees in agreeing to change an agreement with Wartime Housing whereby the latter was to build a high fence to separate the dry dock staff houses on Hays Cove Circle from the grounds of Booth Memorial School. Wartime Housing, in lieu of building the fence, to remove a house which has been built on the grounds of the new school on Conrad Street. The school board had felt that there was no particular need of the fence now whereas it was quite necessary to have the house removed to provide playing space on the school grounds.

Ald. Hills and Ald. Elliott felt quite strongly that Wartime Housing should not be relieved of the responsibility to build the fence. The former recalled how the company had been requested at the start not to build the house on the location. Ald. Elliott felt it was a menace to the safety of the school children not to have the school grounds separated in some way from the staff house.

On the other hand, Ald. Sorensen and Ald. Rudderham felt it was more important that the house should be removed.

There was a division as to whether the school board should be supported in agreeing to foregoing the erection of the fence in favor of removing the house, Ald. Hills, Ald. Elliott, Ald. Sinclair and Ald. Brett favoring the fence building with Ald. Rudderham and Ald. Sorensen in the minority, being in favor of the house removal.

KIRK BRAMWITH, Eng. Ⓟ— A Book of Remembrance in which families may inscribe the name and regiment of men who took part in the North African campaign is to be kept in the Norman church in this Lancashire village.

Candidate Is Heard at C.C.F. Meeting Here

At a well attended meeting of the local C.C.F. club on Tuesday evening, Leading Aircraftsman Harry Archibald, the local C.C.F. candidate, gave an interesting talk on his recent trip to the interior.

It was announced that the Provincial budget campaign had been a marked success with very few members still to be heard from. Comrade E. A. Evans was delegated to attend the provincial conference to be held in Vancouver on April 14, 15, 16.

At the next educational meeting to be held March 21, the speaker will be Mr. Worsley, who will speak on the Indian problem. Mr. Worsley spent several years in that country before the war.

GARDEN NOTEBOOK

FERTILIZER IMPORTANT

The most economical way to increase the yield of small Victory gardens is to improve the fertility of the soil. Since the cost of seed, tools and labor is the same for poor soil as for good, any additional production which can be obtained solely by enriching the soil will be relatively inexpensive.

An ample supply of Victory Garden fertilizer has been provided for 1944. Regulations govern the contents of this plant food as to nitrogen, phosphorus and potash, with the make-up varying in different parts of the country. Chemical nitrogen has been increased, but potash reduced from last year.

The usual application of plant food recommended for small gardens is four pounds to 100 square feet. This should bring the average soil up to good fertility for any crop. Many gardeners use more than this with good effect, however, by applying side dressings as the crops develop.

In addition to heavier yield, a well-fed garden will produce vegetables of higher quality and better flavor with maximum vitamin content. Crops
faster and mature
than in poor soil.
