Ford products are doing an outstanding job on the home

front, too. On gigantic war-born construction projects, for

instance, Ford Trucks are preferred for their great hauling power—their easy manoeuvrability in mud, sand and snow-above all, for the enduring dependability of the Ford V-8 Engine.

This power plant asks for no coddling, needs no nursing when the going is tough. Smoothly and silently it takes the grades in its stride. It's engineered to stand the gaff . . . to do a great job dependably and on mighty meagre rations of gasoline and oil.
